Get Connected

SINGLE Sign On (SSO) ACCOUNTS

www.umkc.edu/is/userpassword.asp

Each UMKC student enrolled in credit courses receives a Single Sign On (SSO) account name, which provides access to UMKC e-mail, online library resources, student labs, etc. These accounts are used for official University communications. Students are strongly encouraged to check their UMKC e-mail accounts regularly for important announcements and information. If you have not received your SSO account, visit the Web site above to set up your account online. You can get additional assistance with this process at any of the Information Services-managed computer labs or by contacting the UMKC Call Center at 816-235-2000.

ROOTOOLS – Software CD

www.umkc.edu/is/support/services/rootools

The RooTools CD is a collection of software and instructions to assist students in connecting to UMKC resources, communicating with each other and protecting their personal computers.

The current version contains e-mail, networking and virus protection software, as well as other University information and helpful utilities. Students can pick up their FREE copy of the RooTools CD at the UMKC Call Center or one of the IS-managed computer labs.

STUDENT Computer Labs

www.umkc.edu/is/labs

Numerous computer labs are located across the UMKC campuses. Information Services (IS) maintains several of these sites that are open to all UMKC students with a valid Single Sign On username and password. The IS-managed computer labs on campus are staffed by student assistants who can answer questions about e-mail accounts and other basic computing issues. For more information, visit the Web site above. Lab locations are listed inside this brochure.

COMPUTER Internet Bars

www.umkc.edu/is/support/services/internetbars

Computer Internet Bars have been installed in several campus buildings for use by students, faculty and staff. These computers allow convenient access to e-mail and other applications via Web browsers. Visit the Web site above for locations.

RESIDENCE HALL Computers

www.umkc.edu/is/support/services/residenceHall

For students who bring their own computer to school, a wired high-speed Internet connection is available in each room of the residence halls. You will have instant access to the Internet that is fast and reliable from the comfort of your room. Wireless connectivity is available in most of the common areas in the residence halls. Visit the Web site above to make sure your computer is ready to connect to the UMKC network before you arrive on campus.

UMKC Call Center

(computer helpdesk)
www.umkc.edu/callcenter

Need help with your Single Sign On (SSO) account? The UMKC Call Center serves as your front-line tech support contact for UMKC. For computer assistance, contact 816-235-2000 or e-mail callcenter@umkc.edu.

For additional information

www.umkc.edu/is

Information Services Policies
www.umkc.edu/is/policies

Visit the Web site above for detailed information on IS policies.

For More Information

If you can't find the answer to your computer-related question, contact the UMKC Call Center at 816-235-2000 or e-mail callcenter@umkc.edu.

Individuals with speech or hearing impairments may call Relay Missouri at 800-735-2966 (TT) or 1-800-735-2466 (voice).

Getting Techie

Other Technology Resources

Academic and Research Computing www.umkc.edu/is/cs/carc

The Center for Academic Computing offers facilities for projects that require large-scale computing. A computer cluster hosts a variety of programming languages in support of teaching and research activities. Faculty sponsorship is required for access.

Digital Cable Television www.umkc.tv

You can watch local channels 4, 5, 9 and 41, as well as cable television channels such as CNBC, CNN, Discovery, Food Network, HGTV and MSNBC. UMKC's Digital Cable TV System brings educational viewing to any browser-enabled computer on campus.

Pathway—Online Student Registration and Records pathway.umkc.edu

Pathway provides access to a host of student services, including the ability to search for classes, register for classes, view and update student records, verify financial aid, pay your bill, check your grades and more. For more information, contact Registration and Records at 816-235-1125, or e-mail registrar@umkc.edu.

Online Library Reference Materials www.umkc.edu/lib

The UMKC libraries provide access to MERLIN, the online catalog for the University of Missouri Libraries, St. Louis University and Washington University; and MOBIUS, the state-wide academic library online catalog; plus an extensive list of electronic databases for use in general, interdisciplinary and discipline-specific literature searching. MERLIN/MOBIUS and many databases can be used outside the library and off campus by UMKC students, faculty and staff for research. The Web site links to e-journals, e-newspapers and local libraries. The University Libraries can be reached by calling 816-235-1534 or visiting the Web site above.

Purchasing Personal Computers www.umkc.edu/is/support/services/purchasing/hardware/home

Need a new computer for personal use? UMKC students are eligible for educational discounts on personal computers from selected vendors. Personal computers can also be purchased from the UMKC Bookstore.

Purchasing Software www.umkcbookstore.com

UMKC students are eligible for academic discounts on many popular software programs. Visit the University Bookstore, located in the University Center, or call 816-235-BOOK for more information.

Statistics Software www.umkc.edu/is/support/services/software/sitelicensed

The University has licensed several software programs that aid in the analysis and graphing of data from many disciplines. These programs include Maple, SAS and SPSS. Students have access to these programs at all public labs.

Classroom Technology Services www.umkc.edu/is/cts

Many classrooms and lecture halls have been upgraded with instructional technology, including computers, network connections, video projectors, VCRs and document cameras. A listing of these classrooms can be found at the Web site above.

Student Web Pages web.umkc.edu

UMKC recognizes the value of publishing information to the Web and provides space for personal Web pages. Student Web pages are created and maintained by individual students for their own use or for projects relating to UMKC classes. For more information, visit the Web site above.

Online Learning Resources www.umkc.edu/is/its/onlineLearning

A wide variety of online courses and Web-enhanced courses are available at UMKC. You will be using some of the latest technologies to make your learning even more convenient.

Online Training Resources www.umkc.edu/is/help/trainingresources

Information Services has compiled a list of valuable training resources for use by UMKC students. Learn more about software and services used on campus like Microsoft Office 2007 and campus podcasting products.

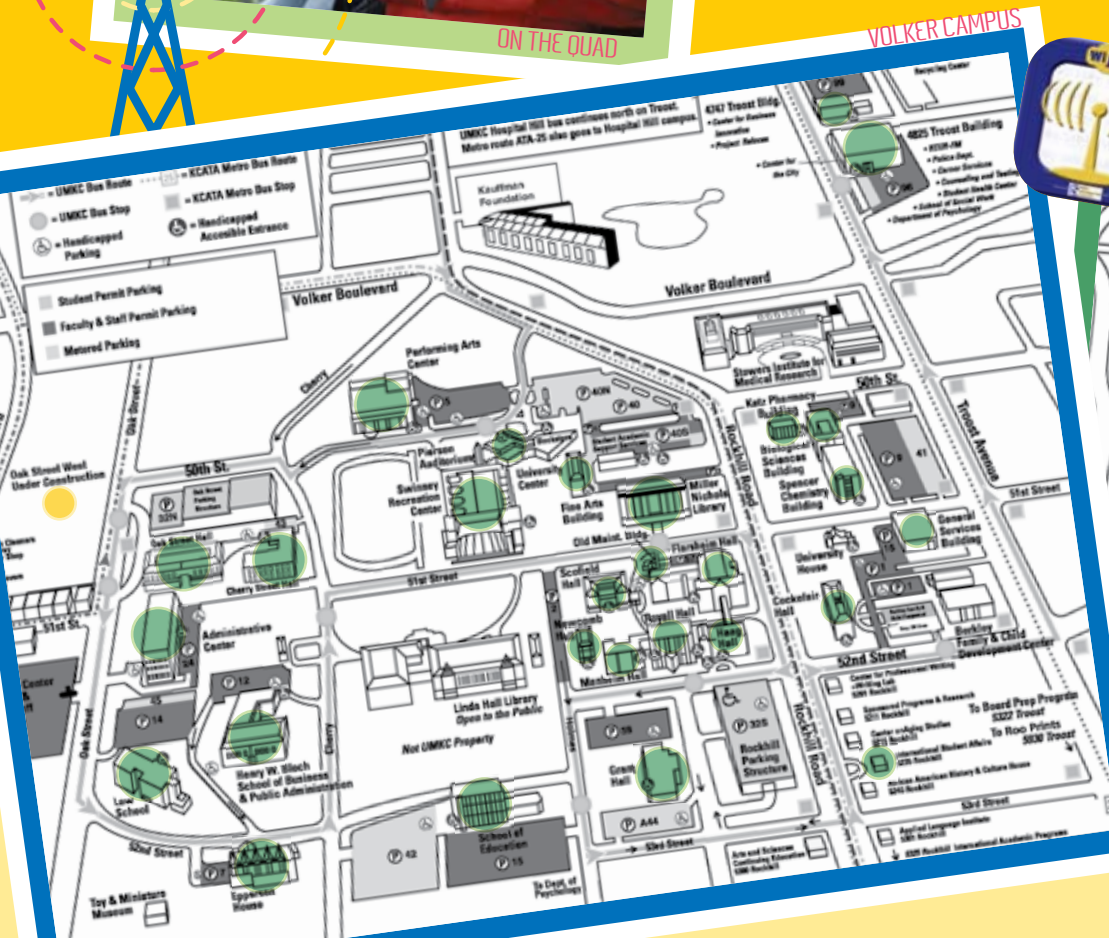

WIRELESS Computing

www.umkc.edu/is/nt/wirelessnetwork.asp

UMKC students can enjoy the convenient benefits of wireless Internet access in almost every building and some open community spaces on campus. Wireless computing allows students the freedom to study and learn without restricting them to physical locations. For more specific information on UMKC wireless connectivity, visit the Web site above.
