

Disability Services Advisory Board

Charge: The Advisory Committee on UMKC Students with Disabilities is a partnership with the Office of Services for Students with Disabilities, the UMKC Campus and UMKC's students with disabilities for the purpose of advising and consulting on the campus-wide experience of students with disabilities with the expectation that the success of students with disabilities at UMKC is everyone's responsibility.

The Committee reports to the Vice Chancellor for Student Affairs and Enrollment Management. The goal of the committee is to make UMKC a welcoming and supportive campus in which students with disabilities feel that they are engaged in the campus community, that UMKC is their university and that it is responsive to their unique needs.
