- **FREE Expo—60 Exhibitors**

EVENT COORDINATION

Coordinator:
Rick Mareske

Invaluable Assistants:
Kassandra Carr, Office of Student Involvement
Regina Compernelle: Health Fair Logo

Many thanks to all those who made this year's CommuniUniversity Wholistic Health Fair not only possible but successful as well.

Special thanks to the Student Life Office and to the University Center staff and to UMKC.

In 1991 Jo Bonewits, then a CommuniUniversity staff member, suggested that we offer a health fair. Over 400 people showed up with 26 exhibitors. Best of all, the event was filled with magnanimous people with much sharing of good energy and information. Thanks to Joy Dupont the idea of offering a fair was suggested again in 1999 and the tradition has continued. We hope you have a wonderful day.

SILENT AUCTION

Sunday, November 14

University Center, Rm. 117, 5000 Rockhill Rd.

The silent auction is always a smashing success. It's uniquely healthy and wholistic and is a great opportunity to get some great deals on some really fine services or products. All proceeds help support the CommuniUniversity program so overbidding is encouraged.

Bidding Begins at 11 AM and Ends promptly at 3:55 PM

*If you would like to donate to the Silent Auction call 816-235-1448.
It's tax deductible and helps out your favorite adult education program.*

Below we have some of the items that will be in the auction but rest assured there will be many more. Last Spring we ended up with over 60 items, from massage to jewelry and even some paintings. Come check it out.

FENG SHUI

Feng Shui is a dynamic energy practice that helps you manifest your dreams and goals into vibrant reality.

**health • money • relationships
family • reputation • spirituality
success • self-expression**

Feng Shui is not just about "furniture arranging" or installing water fountains. It is about creating a "blueprint" of what you desire to change or create in your life and then activating that blueprint by using ancient energy alignment techniques in your home or office.

I became interested in Feng Shui when I set out to disprove it and found that it works, often quickly. Since then, I have become a student in Master Lin Yun's school in San Francisco where I have been privileged to learn from world renowned Feng Shui practitioners and teachers.
