## #6007 A Ancient Selves, a New Consciousness

We will briefly examine the concept of ancestral spirits in primordial tribal cultures, before engaging in a guided imagery session that will introduce us to an old primordial part of ourselves. We will then share and discuss our experience. Jean Luc Dessables, also known as Djalòki, is an international consultant and lecturer from Ayiti (Haiti) in cross-cultural awareness and paradigm shift coaching. His intention, through his consulting, workshops and lectures, is to help create a sustainable multicultural global society showing reverence for the diversity of life and valuing inclusive excellence among people and institutions.

His current activities and positions include: - founder of "21 Jenerasyon;" - co-founder and vice-president of the "N a Sonje" Foundation, which aims at healing the historical wounds between the peoples of Africa, Europe and the Americas.

Refreshments will be available during the hour prior to the course.

## #8004 A Democratizing the Media: Gaining Access

Everyday people have a more difficult task getting news into the press about their church, school, neighborhood or civic group as the media continue to become more of a corporate conglomerate.

Big companies and government have the money to hire public relations experts to cut through the bureaucracy. But most people don't have the dough to do that. The class will examine ways for people to get news about their group into the television, radio and print media. It starts with defining for people what news is.

## Your Contributions are Welcome!

### Dear Friend,

Community has an amazing history and an exciting story to tell:

- Classes, workshops and seminars that you won't find anywhere else
- The largest all volunteer adult education program in the country
- 35 years in existence and an unchanged class fee structure for the last 6 years

The real story is not in the numbers, it's in the people and the effects that Community has had on their lives; The new interests explored, businesses established, college courses that were tested in the Community lab, and relationships created. Community has been at the center of new friendships, sharing and education—we have created a real community of learning and sharing.

Our annual campaign kicks off now thru June. In June we will have our 2nd annual Phone-a-thon. Our goal is to raise \$3000 dollars. Last year we raised \$1500. Sadly, our major fundraiser had to be discontinued; and we need to raise funds which would cover fees for the grant writer and increased operating costs. We are asking our most dedicated and involved community members to help Community reach this goal. We hope you will consider including Community in your giving plans this year.

\$5 buys 33 catalogs (we print 120,000 per year)

\$25 pays for 1 phone for 1 month (we have 3 lines)

\$50 pays for van rental to distribute class catalogs for 1 day (we distribute 19 days per year)

On behalf of the Advisory Board and the staff of Community, we wish you another wonderful semester and hope you're able to attend Community classes again and contribute to our campaign.

Sincerely,

Rev. Scott Myers

Advisory Board President
