

**University of Missouri – Kansas City
Information Services – Support Services**

By signature below, I acknowledge that I am entering into this agreement based upon my own free will. Further, I agree to hold The Curators of the University of Missouri harmless for any loss of, or damage to personal property, any loss of data or any loss of software resulting from actions taken by UMKC Information Services related to connecting my personal computing equipment to UMKCnet, a University of Missouri computer network. I understand that this agreement in no way alters any computer usage guidelines or policies governing access to the University's network.

In exchange for this waiver of liability, the University agrees to attempt to restore system stability and network connectivity to the computer. To do so, Information Services may need to install security patches and/or other updates that can adversely affect some programs. The University may install software in a manner similar to that of a knowledgeable computer user. Software that is illegal or disruptive to the campus network may be removed. The University reserves the right to refuse installation of hardware and/or software if the University staff believes that such installation may cause damage or support problems once installed, or if the system unit does not meet minimum standards. Additionally, University-licensed virus control software may be added to my system. Such procedures are considered mandatory to connect my computer to the UMKC network.

I understand that the University cannot be held responsible for damage to my equipment, including loss of data or software. It is presumed that I have current backups of my hard disk files, both data and application software. If I am uncertain if my hard disk is backed up, work should not proceed.

I understand the above information and waive repair responsibility for work done on the following personal computer for which I am responsible.

Machine Make/Model		Serial Number	
Signature	Printed Name	Room Number	Phone Number
Date	Logon Password (if applicable)	BIOS/POST password (if applicable)	

To Be Completed by UMKC Information Services staff

Describe work to be done:

IS Staff Member: _____

Time In: _____

Time Out: _____
