- your PASSPORT DATA page
- your VISA page in the passport,
- BOTH SIDES of your I-94 CARD, and
- your I-20 or DS-2019 documents.

Visiting and Community Students

❖ Do I qualify as a Visiting/Community Student?

Visiting/Community Students are:

1. Degree-seeking students at another institution, wishing to take courses at UMKC and transfer them back to their home institution
2. Members of the community, interested in taking a class or classes at UMKC

Note: Students are not eligible to be visiting/community students if they have previously been academically dismissed from UMKC.

❖ What advantages are there for me as a Visiting/Community Student?

1. Transcripts of your current or previous college or high school coursework are not required
2. You are not required to pay an application fee

❖ What limitations are there for me as a Visiting/Community Student?

1. Visiting/Community Students are not eligible for financial aid.
2. Visiting/Community Students are not eligible for academic advising.
3. Visiting/Community Students are limited to 12 credit hours per Fall and Spring Semester and 6 hours during the Summer Semester.
4. Admission as a Visiting/Community Student is not the same as admission to a degree program. If you wish to transfer as a regular degree-seeking student, you must submit a regular application for admission and all required supporting documents along with the application fee.
5. Admission as a Visiting/Community Student is for only one term. If you wish to attend a second or consecutive term, you will need to complete either a regular application for admission or readmission, or in some instances, a Visiting/Community Student application.
6. Admission as a Visiting/Community Student to UMKC does not guarantee that your classes will transfer back and count as degree credit at your home institution. Check with your home institution first by giving them the course name(s) and number(s) you wish to take at UMKC.
7. As a Visiting/Community Student you will acquire a grade for your class and a University of Missouri-Kansas City Grade Point Average (GPA). That GPA is an official record of your work in the University of Missouri System and will be used to determine your admissibility should you seek regular admission to UMKC or another University of Missouri school.
8. Hours accumulated as a Visiting/Community Student may or may not count towards a degree at UMKC, depending on the specific requirements of the degree program you enter.
9. Graduate Biological Sciences, Medicine, Dentistry, and Pharmacy do not admit Visiting/Community Students. Students interested in Business and Public Administration, Engineering, Law, and Nursing should consult with advisors in those academic programs to determine eligibility and procedures. The Conservatory of Music and Dance requires auditions for students taking performance classes.
