Comprehensive Enrollment Report

Fall Semester 2007

The following report details the student population for the University of Missouri **NOTES**

- Kansas City for the Fall Semester 2007 term.

The following items outlines some of the substantial changes that have occurred in both data collection and reporting efforts starting with the Fall Semester 2007 reporting period. Questions regarding these changes may be addressed to the Office of Institutional Research, Assessment and Planning.

MDHE Reporting Changes

The Missouri Department of Higher Education (MDHE) recently changed how educational institutions counted students who started their academic career in the summer semester. Previously, only new First Time College (FTC) students were counted as a FTC student in both the Summer Semester they student started and the immediate Fall Semester. All other new students were counted in the "Continuing" group for the Fall Semester. The new definition requires that they all student admission types be included in their admission category for both the summer and fall semester.

August Intersession

In consultation with the UM System Office of Institutional Research and Planning, the University of Missouri - Kansas City is now including enrollment counts for the preceding August Intersession in the Fall Semester 2007, to better meet the definitions outlined by the US Department of Education.
