

UMKC Web Compliance Checklist

- Review the [Web Policy](#)
- If you have any dynamic Web pages or applications, submit your site to UMKC IS for review by emailing callcenter@umkc.edu
- Review your site for compliance with all [Legal requirements](#)

Is your site official? If yes, continue down the checklist.

NOTE: All Web sites/pages are considered official unless they belong to one of the following groups: faculty and staff personal pages, student organizations, affiliate organizations, constituent organizations and government funded programs.

- All pages include the standard university Header and Footer. [Branding instructions](#)
- Your site includes easily accessible contact information. [Contact instructions](#)
- Alt, height and width attributes are defined for every image on your site. [Image requirements](#)
- Meta descriptions and keywords appear on every page of your site. [Meta tag requirements](#)
- Every page on your site has a page title relevant and representative of its content. [Page title requirements](#)
- Your site is in compliance with all [server requirements](#).
