

Setting Up Direct Deposit

1. Go to go.umkc.edu/Pathway.
2. Type in your UMKC SSO ID (this is the part of your UMKC email before the @ symbol) and password and click "Sign In."

Note: If this is the first-time on Pathway, you must E-Consent, by clicking UM E-Consent on the bottom of the left menu. This will log you out and when you re-enter, you will have another menu option, "Self-Service".

3. Click on Self Service, then Student Center. Scroll down to the "Finances" section of the Student Center page. Click on the [Log Into TouchNet](#) link in the middle of the Finances section.

Note: Pop-up Blockers must be disabled at this step.

The screenshot shows the TouchNet interface. The Academics section is expanded, showing links for Grades, Search, Plan, Enroll, My Academics, Request Degree Audit, Transcript Audit Trail, Cert Letter Audit Trail, and Enroll: MU, S&T, UMSL. A message box states "You are not enrolled in classes." and there is an "Enrollment Shopping Cart" link. Below this is a search bar with "other academic..." and a search icon. The Finances section is also expanded, showing "My Account" and "Financial Aid" sub-sections. The "My Account" sub-section includes links for Manage Direct Deposit, Paid Fees Letter, Bookstore Receipts, Parking Tickets, and Billing Statement History. A message box states "You have no outstanding charges at this time." and includes a "Log Into TouchNet" button. Below the message box is a paragraph of text: "TouchNet is your virtual one-stop shop for all aspects related to your student financials account. By clicking the link below, you are able to log in to view and pay your bill, maintain TouchNet authorized users who will also be able to view and pay your bill, schedule future payments, and sign-up for direct deposit."

4. You will be directed to a UM System site and will need to re-enter your UMKC SSO ID and password in order to authenticate in to the TouchNet system.
5. Once authenticated, the TouchNet site will appear. If this is your first time setting up direct deposit, you may need to first click on Security Settings and sign up for Two Factor Verification. This is an extra step that secures your TouchNet Profile and will be required to authenticate any changes to direct deposit information, as well.

The screenshot shows the TouchNet dashboard. At the top is a navigation bar with links for My Account, Make Payment, Payment Plans, Refunds, and Help. The main content area is divided into three columns. The left column has an "Announcement" box with the text "Welcome to Touchnet, UMKC's One Stop Shop for all Financial Transactions." The middle column has a yellow header "I would like to pay..." with a "Select Option" dropdown and a "Go!" button. Below this is a "View Account: Roo Roo" section showing a "Balance" of "\$1,897.76" and a "View Activity" button. Below that is a "Statements" section showing "Your latest eBill Statement (6/6/19) June 10 2019 : \$1,768.43" and a "View Statements" button. The right column has a "My Profile Setup" section with several options: Authorized Users, Personal Profile, Payment Profile, Security Settings (highlighted in yellow), Consents and Agreements, and Electronic Refunds (highlighted in yellow).

Setting Up Direct Deposit

- Once Two Factor Verification is established, you can click on Electronic Refunds to set up your Direct Deposit account. If this is the first time or the previous direct deposit has already been cancelled, you will simply click “Set Up Account” on the eRefunds page. If an account already exists, skip to Step 9 in this guide in order to update your information.

eRefunds

eRefunds puts money in your account... FAST!
