**2. UMKC Connect drop notification to instructors: ----Amber Daugherty, Connect director**

UMKC Connect is the campus early alert system for student success. An academic unit has asked to be notified when a student drops a class. A flag has been created in Connect that will automatically raise when a student is in withdrawn status for a course. Withdrawn status is based on the academic calendar term and session dates; for example, an undergrad student would be flagged in weeks 5-12 during a normal 16-week course. Currently the flag is set to notify academic advisors only. One unit has requested this service, and UMKC Connect is asking if Senate would be willing to run this by their faculty. Notifications would be sent in email to course instructors when a student is flagged for course withdrawal. Also, would course instructors want to be notified anytime a student drops their course, or just during the withdrawal period? A new flag can be created if course instructors are interested in being notified of all drops.
