

Campus Promotion and Tenure Committee

- Historical Configuration
 - CAS had 3 representatives: Physical Science; Social Science; Humanities
 - All other units had 1 representative
 - Representatives are elected by their units and serve 3-year terms
 - The recent academic reorganization creates a need to update the committee composition
- From CRR320.035, Policy and Procedures for Promotion & Tenure:

“The promotion and tenure committees may be appointed, elected, or otherwise designated in accordance with the established department, school, or college procedures as long as the procedures are in compliance with the collected rules and regulations....”
- The work of the Campus P&T Committee is facilitated by the Vice Provost for Faculty Affairs (Filion) and Faculty Affairs Specialist (Popoola)
- Vice Provost Filion makes the following recommendation on committee configuration for the 2022-2023 review cycle:

Proposed for 2022-2023

- No change to representation for Conservatory, Bloch, Dentistry, Law, Medicine, Nursing, or Pharmacy
- Move the science representative from CAS to SSE
- Keep the two other reps (Humanities and Social Science) in SHSS
- To ensure an experienced committee and continuity, allow all currently elected representatives now residing in SSE, SHSS, and SESWPS continue to serve out their terms, with the units holding new elections only to fill vacancies if needed

Proposed for 2022-2023
