

Office of the Chancellor

**Date:** 06/02/2021

**To:** Dennis Elmore, EHS Director

**From:** C. Mauli Agrawal, Chancellor

**RE:** Delegation of Authority for Environmental Health and Safety

Whereas the President has delegated responsibility for Safety and Risk Management to campus Chancellors (UM Policy 13101, August 16, 2019), you are hereby delegated the responsibility for developing and implementing programs to ensure UMKC:

- Remains in compliance with applicable environmental health and safety regulations and
- Provides a safe work environment for faculty, staff, students, and visitors.

You are hereby delegated authority to order the cessation of activities involving hazardous materials, processes, or equipment that create an imminent threat of:

- Causing death or serious bodily injury,
- Releasing hazardous substances into the environment, or
- Severely damaging or degrading University facilities.

You are also delegated authority to order campus buildings or portions of campus buildings closed when immediate, life-threatening conditions are present and to order the abatement of such conditions and related hazards.

These delegations are effective immediately.
