Welcome to the University of Missouri-Kansas City:

The University of Missouri-Kansas City is committed to providing the members of the campus community and visitors with the safest and most secure environment possible. At this time, I would like to request your assistance in making the campus a safer and more secure learning environment by contacting the UMKC Police Department if you witness a crime or suspicious activity on campus.

Each year, in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, the UMKC Police Department makes available the Annual Campus Crime and Fire Safety Report. This report is published to inform the faculty, staff, students, and citizens of our crime statistics, policies, procedures, and general safety on the University of Missouri-Kansas City campuses.

Additional copies of this report may be obtained by contacting our office at (816) 235-1515, by stopping by our Communications Office in the Police Department at 5005 Oak, or you may access this report at: www.umkc.edu/safetyreport

All of the police officers employed by UMKC are certified State Peace Officers and have the jurisdictional responsibilities for all crimes and incidents that occur on our campus.

As the Chief of Police for the University of Missouri-Kansas City, I look forward to working with our community to address the challenges associated with the academic community. I can assure you that all members of UMKC Police Department are committed to being partners with our community and providing excellent service.

Sincerely,

Michael Bongartz

About this Report

In 1990, the federal “Crime Awareness and Campus Security Act” was enacted requiring universities and colleges to:

- Publish and distribute an annual campus security report that contains the most recent calendar year and the two preceding calendar years of campus crime statistics, policy statements and program descriptions, and procedures to be followed in sex offenses.
- Inform prospective students and employees about the report.
- Provide timely notice to the campus on crimes that are considered threats to safety.

This report describes security practices and procedures at the University of Missouri-Kansas City and lists crime statistics for the most recent calendar year and the required two preceding calendar years. Each year the University disseminates information on the status of campus security to all current students and employees. Upon request, the report will be provided to persons who request a copy. This report can also be accessed by going to the UMKC Police webpage (http://www.umkc.edu/finadmin/police/safety/campus-safety-report.asp) and following the “2019 Campus Crime & Fire Safety Report” link.

The Clery Act requires higher education institutions to give timely warnings of crimes that represent a threat to the safety of students or employees, and to make public their campus security policies. It also requires that crime data is collected, reported and disseminated to the campus community and are also submitted to the Department of Education. The act is intended to provide students and their families, as higher education consumers, with accurate, complete and timely information about safety on campus so that they can make informed decisions.

The 2019 edition of the Campus Crime & Fire Safety Report lists yearly statistics for the crimes of murder, sexual offenses, robbery, aggravated assault, burglary, arson, motor vehicle thefts, domestic violence, dating violence, stalking and “hate crime” offenses, as well as statistics for arrests and disciplinary referrals for alcohol, drug, and weapon violations. These crimes are defined in this report.

The administrative division of the UMKC Police Department has prepared this report using internal crime reports and other statistical data and information. In addition, data and information is supplied by the UMKC Division of Student Affairs, Deans, Directors, Department Heads and the Kansas City, Missouri Police Department. Crime statistics are also gathered from multiple Campus Security Authorities. Please take some time to review the information contained in the report and if you have questions please do not hesitate to contact the UMKC Police at 816-235-1515.

Per 34 CFR 668.46(m), an institution, or an officer, employee, or agent of an institution, may not retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights under the Clery Act.

The University of Missouri-Kansas City was spawned by a city built at the origin of the Oregon and Santa Fe trails. These roadways to the west began at Old Westport, just a few miles from the present UMKC campus.

In the 1890s, there was talk of founding a university in Kansas City because of the city's growth, but it was not until the 1920s that talk turned to action. In the postwar decade, the chamber of commerce appointed a committee to consider the possibility of a university in Kansas City. A board of trustees comprised of leading businesspersons was established and the board proceeded cautiously with its plans.

In 1929, a charter for the University of Kansas City was granted. The dream became a reality when William Volker, a local philanthropist for whom the 93-acre Volker campus is named, presented the board with the 40-acre nucleus of the present campus site in Kansas City's Rockhill district. Volker also provided funds to purchase the former private home of Walter S. Dickey, a wealthy Kansas City manufacturer. The ivy-covered stone mansion, now known as Scofield Hall and situated in the center of the campus, was the fledgling university's first main building.

With a charter and a campus site, the Board of Trustees started a citywide drive for funds. In 1933, the University of Kansas City announced that classes would begin in October. A faculty of 17 was hired, and on October 2, 1933, 264 students were enrolled. The University of Kansas City, a private, independent university, had begun.

On July 25, 1963, the University of Kansas City became a part of the University of Missouri System, joining three other campuses located in Columbia, Rolla and St. Louis. At that time, the Board of Trustees of the University of Kansas City transferred assets estimated at $20 million to the Board of Curators of the University of Missouri.

The University's name was changed to University of Missouri-Kansas City and since 1963 the Kansas City campus has experienced steady growth while expanding on urban connections. The total number of students taking classes at UMKC is now more than 16,300 students.

In addition to the Volker campus, UMKC operates the Health Science campus, located in midtown Kansas City, MO. This campus is adjacent to Truman Medical Center, UMKC's primary public teaching hospital, and is home to the UMKC School of Medicine, School of Dentistry, School of Nursing & Health Studies and the School of Pharmacy.
Mission and Purpose

The fundamental mission of the University Police force is to provide the leadership and professional support required to sustain and improve the University System’s efforts to develop a balanced police-University community effort against any lawlessness or disorderly conduct which could interfere with the general missions of the University System. As such, the UMKC Police Department is an essential university partner promoting a safe and orderly learning environment and enhanced quality of life with a reduction of crime, social disorder and fear of crime.

Values and Guiding Principles

We are committed to the pursuit of excellence in our delivery of police services.

We recognize our interdependent relationship with the community we serve and will remain sensitive to the community’s priorities and needs.

We collaborate in the development of innovative and responsive problem solving.

We are enriched by the diversity of our community and respect and protect the rights and dignity of all persons.

We conduct all citizen contacts with courtesy and compassion, as we are dedicated to providing the highest level of service with integrity, fairness and professionalism.

We serve with courage and pride in maintaining the public trust by upholding the highest ethical standards.

To promote organizational growth, we are committed to assisting in the development of the employee’s professional and personal knowledge, skills and abilities, in an atmosphere where the work is fun, challenging and satisfying.
University Police: Your Community Policing Agency

Safety and security is coordinated by the University Police, located at 5005 Oak St., in the lowest level of the Cherry St. Parking Structure. Missouri Revised Statutes recognize UMKC officers as police officers in the State of Missouri, providing the officers with full law enforcement authority within the State of Missouri. UMKC police officers are commissioned under the authority of the University of Missouri Board of Curators and Missouri Peace Officer Standards and Training (POST).

UMKC officers have the same power and authority as any other police officer in the State. Officers are required to maintain the same skills, training, and qualifications regardless of jurisdiction. In many cases, our officers receive extensive specialized training to better serve the University community.

UMKC employs 28 police officers, five security guards, and six communications operators. All police officers are graduates of the Kansas City Police Academy or the Western Missouri Police Academy where they receive more than 1,000 hours of law enforcement training. The academy training consists of approximately seven months of instruction covering Constitutional Law, Missouri Statutory Law, Traffic Law, Criminal Investigation, First Aid, Human Behavior, Juvenile Justice and Procedures, Patrol, Report Writing, Traffic Investigation, Defensive Tactics, Driver Training, Firearms, and Physical Training. Successful completion of the academy is a prerequisite for continued employment. All officers are then licensed through the Missouri Department of Public Safety with a Class A license and have the full authority of any police officer. After completion of the police academy, new officers are further developed in an on-the-job 10-week field-training program with a field-training officer as their coach/mentor. Throughout the year, in-service training and other appropriate training using outside agencies and organizations are conducted.

UMKC security guards provide uniformed, unarmed, non-sworn personnel to supplement the department’s police officers. Security guards have authority to enforce University rules and regulations on University property and do not have the authority to make arrests.

The UMKC Police Department has primary law enforcement jurisdiction on the campus and associated University properties. As with any other law enforcement agency, it is the duty of the University Police officer to keep the peace and maintain order. We strive to maintain an environment that is conducive to the pursuit of academic endeavors.

We are organized as any other police agency, and are comprised of a uniformed patrol division, detective division, crime prevention unit, administrative section and a civilian support staff consisting of communications officers (commonly referred to as radio dispatchers), clerical staff and security guards. The University of Missouri-Kansas City Police Department (UMKCPD) is accredited by the International Association of Campus Law Enforcement Agencies (IACLEA).

University police officers conduct foot and vehicular patrols on campus and in the residence community 24-hours a day, throughout the year. Officers are responsible for reporting and investigating crimes and traffic accidents, responding to medical emergencies, enforcement of state laws and local ordinances, and all other incidents requiring police assistance. Criminal cases are forwarded to the Kansas City Prosecuting Attorney’s Office or the Jackson County Prosecuting Attorney’s Office for prosecution. The department
enforces the University parking rules and regulations as well as city traffic regulations on adjacent and through streets.

*We are your “hometown police department” with authority and responsibilities as any other law enforcement agency.*

Relationships with Other Law Enforcement Agencies

The University of Missouri-Kansas City Police Department maintains a close working relationship with the Kansas City, Missouri Police Department, Jackson County Sheriff’s Department, Jackson County Prosecuting Attorney Office, and all metropolitan and Missouri law enforcement agencies. Our cooperative mutual aid agreement provided by a written memorandum of understanding with the Kansas City Police Department enables us to work together on a daily basis and in unusual situations while fostering an air of cooperation. We currently do not have a memorandum of understanding with KCPD regarding investigation of alleged criminal offenses.

UMKCPD has direct computer access to the Missouri Uniform Law Enforcement System (MULES) as well as the National Crime Information Center (NCIC) in Washington, D.C. Computerized police records allow UMKCPD to share information with other law enforcement agencies.

UMKCPD maintains membership in several metropolitan area law enforcement information-sharing groups including Metro Intel, Metro-list, and Kansas City Terrorist Early Warning Group. During multi-agency emergency operations, a metro-area radio frequency has been established to permit law enforcement and emergency services to effectively communicate and coordinate emergency operations.
Due to the complexity of many investigations, it is important for UMKCPD to work closely with all law enforcement and criminal justice agencies. We are pleased that our working relationships at the federal, state, and local levels continue to serve the university community.
The University of Missouri-Kansas City Police Department has the role of gathering information for, preparation of, and submission of the institution's Annual Campus Security Report. The annual campus security report is reviewed and updated annually as one cohesive document per the requirements of federal law. It shall be the duty of the Administrative Services Sergeant, or their designee, to gather the required information for and submit the institution’s Annual Campus Security Report to the designated entity by the United States Department of Education prior to set deadlines. An additional purpose of the Clery report is to serve as a mechanism for the department to meet its role of informing the community, media, and other public members of crimes reported to the department, crime prevention tips, victim/witness services, reporting procedures, mass notification procedures, homeland security/terrorism information, identity theft awareness, important contact information, and additional information from the department.

This report contains three years of crime statistics related to incidents that occurred on the University Campus; in certain Off-Campus buildings or property owned or controlled by UMKC; and on public property immediately adjacent to and accessible to the Campus. This report also includes institutional policies concerning campus security, such as policies regarding sexual assault, alcohol and other drugs.

Campus crime, arrest and referral statistics include those reported to the UMKC Police, designated campus officials known as campus security authorities (including but not limited to directors, deans, department heads, advisors to students/student organizations, athletic department), and local law enforcement agencies. Each entity provides updated information on their educational efforts and programs to comply with the Act. Missouri law requires prompt, mandatory reporting to the local law enforcement agency by health care practitioners (such as those at the student counseling and health center) when they provide medical services to a person they know or reasonably suspect is suffering from wounds inflicted by a firearm or is a result of assault or abusive conduct. Department of Counseling, Health and Testing staff inform their clients of the procedures to report crime to the University Police on a voluntary basis should they feel it is in the best interest of the client.

Each year, all students, faculty and staff are notified electronically about publication of this report; that is, by mass e-mail, posting on UMKC home website, UMatters (faculty/staff eNewsletter) and USucceed (student eNewsletter) all of which provide the website to access this report. Copies of the report may also be obtained at the University Police Department located at 5005 Oak St., or by calling (816) 235-1515. All prospective employees may obtain a copy in this manner and information about the availability of this report is included in the UMKC employment application.
**Timely Warning Policy-Crime Alerts**

In addition to the yearly statistics provided in this booklet and on our website, our department will make periodic reports, or Crime Alerts, to the campus community of recent crimes that may affect the quality of life in the campus area. These reports may include crime prevention recommendations and are intended to raise awareness regarding criminal activity so that the community can increase or implement personal safety strategies. These alerts, issued in a timely manner, will withhold the names of victims as confidential.

Crime Alerts may be disseminated via campus e-mail, voice mail, posted in selected offices on campus, including student public areas, residence halls, and campus building liaisons, U-News student newspaper, and the UMKC Police website at [www.umkc.edu/police](http://www.umkc.edu/police)

The UMKC Police Department Chief or a designee will develop timely warning notices for the University Community to notify members of the community about serious crimes against people that occur on or near campus, where it is determined that the incident may pose an ongoing threat to members of the UMKC community. These warnings will be distributed if the incident is reported to UMKCPD, or reported to a campus security authority or KCPD if they notify us about a serious crime that occurred on campus.

The department may issue/post Crime Alerts for incidents of

- Murder
- Aggravated assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case by case basis to determine if the individual is believed to be an on-going threat to the larger UMKC community)
- Robbery involving force or violence (cases including pick pocketing and purse snatching will typically not result in the issuance of a Crime Alert, but will be assessed on a case by case basis)
- Sexual Assault (considered on a case by case basis depending on the facts of the case, when the incident occurred versus when it was reported and the amount of information known by the UMKC Police Department)
- Major incidents of arson
- Other crimes as determined necessary by the Chief of Police, or the Patrol Commander in his absence.

UMKCPD will generate an email which will be approved and forwarded by University Public Relations to the University Community as a mass email. Updates to the UMKC community about any particular case resulting in a crime alert may be distributed via mass email or may be shared with *The U-News* for a follow-up story.

Crime Alerts are filed in the case jacket with the corresponding case report. The department does not issue crime alerts for the above listed crimes if:

1. The department apprehends the subject(s) and the threat of imminent danger for members of the UMKC community has been mitigated by the apprehension.
2. If a report was not filed with UMKCPD or if UMKCPD was not notified by campus officials in a manner that would allow the department to post a "timely" warning for the community. A general guideline will include a report that is filed more than five days after the date of the alleged incident may not allow UMKCPD to post a "timely" warning to the community. This type of situation will be evaluated on a case by case basis.
The department also maintains a daily crime log which is normally updated each business day and contains all crimes reported to UMKCPD in our patrol area. This “blotter” is provided to The U-News on a weekly basis to provide information to the newspaper about various crimes that occur on campus. This method is used as a secondary means of distributing information to the UMKC community about crimes and crime trends on campus.

**Emergency Notification**

Upon occurrence of an emergency, the Communications and Warning Committee will provide immediate notice to appropriate segments of the campus community upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or staff, unless such notice would compromise efforts to contain the emergency. Confirmation of a significant emergency or dangerous situation will occur through direct observation by UMKCPD, information from Kansas City Police Department, National Weather Service, local utility companies, etc. The UMKC Chief of Police, UMKCPD Administrative Sergeant and Vice Chancellor for Marketing and Communications are designated as the Communications and Warning Committee in the event of an emergency. This committee is responsible for the content of the message and disseminating emergency information to the campus community. Notifications may occur through use of the University’s mass notification service, through the local media, or through other communication channels as appropriate for the emergency. The University’s mass notification service allows for notification through multiple means, including home phone, work phone, cell phone, UMKC email address, text messaging, numeric pager, and alphanumeric pager. Follow-ups and updates will be disseminated by the same method. Notifications will be sent to the entire campus community with a description of the segment or segments involved in the notification. Notifications will also be posted on the University website to provide information to the larger community.

**Emergency Notification Annual Testing**

As part of UMKC's ongoing emergency preparedness program, UMKC conducts several tests of UMKC Alert! Emergency Mass Notification System. The tests focused on the text messaging, voice messaging and e-mail capabilities of the system. These were unannounced tests and only certain groups of the system were tested. A full unannounced test of the emergency notification system was held on August 10, 2018 at 1:00 p.m. One tabletop exercise was conducted of the UMKC Emergency Operations Plan on August 28, 2018. If you require further information on the testing of the emergency notification system please contact UMKC Department of Strategic Marketing and Communications at (816) 235-1576. More information about the UMKC Alert Emergency Notification System, as well as registration instructions, can be found at http://www.umkc.edu/umkcalert/. The UMKC Emergency Operations Plan can be found at http://www.umkc.edu/umkcalert/EOP_online.pdf.
Daily Crime Log

The University of Missouri-Kansas City Police Department maintains a written, easily understood Daily Crime Log that records, by the date the crime was reported, any crime that occurred on campus, on a non-campus building or property, on public property, or within the established primary/patrol jurisdiction of the campus and was reported to the department. This log includes: the nature, date, time, and general location of each crime, and the disposition of the complaint, if known. It shall be the duty of the University of Missouri-Kansas City Police Administrative Services personnel to prepare this report in a timely manner so the community and media have access to the information. The monitoring and recording of criminal activity by students at non-campus locations of student organizations officially recognized by UMKC including student organizations with non-campus housing facilities, if the UMKCPD is not contacted directly, is accomplished by records requests to Kansas City Police Department and monitoring online at CrimeReports.com. This Daily Crime Log for the most current 60 days is normally available in the lobby of the UMKCPD Communications office. Any portion of the Daily Crime Log that is older than 60 days will be made available within two business days of a public request.

Policy on Crime and Incident Reporting

The University of Missouri-Kansas City Police Department is the primary agency for reporting and investigating all crimes that occur on University property regardless of how seemingly insignificant the incident. It is the policy of the UMKC Police Department to encourage prompt reporting of crimes, potential criminal actions and any emergency on campus, including medical and fire emergencies, directly to the UMKC Police if the victim elects to or if the victim is unable to. This includes prompt reporting of all incidents that could result in injury to or death of persons, damage to, destruction, theft or disappearance of University property (including money and securities) or property of others. These incidents are reported in order that causes may be determined and corrective measures taken to improve safety and preserve University assets. Prompt reporting also allows for evaluation of incidents for possible Timely Warnings and inclusion in the annual crime report. Sexual assaults can also be reported to the Title IX Coordinator, Sybil Wyatt, at (816) 235-6910 or wyattsb@umkc.edu.

To report a crime or emergency on campus, call UMKCPD by dialing 9-1-1 from any campus telephone. Also, emergency phones are distinctively marked and have a blue light on top, and are located throughout campus. Campus elevators are also equipped with emergency phones. Upon receipt of the call, a University police officer will be immediately dispatched to the site to meet with the victim or witness to gather information and prepare an official report and have the authority to make arrests if needed. Response time is based on current activity load and the urgency of the call. Crimes in progress, traffic accidents and medical emergencies have a higher priority than other types of calls.

Crime and incident reports may be made 24 hours a day by calling 9-1-1 for emergencies, or (816) 235-1515 for non-emergencies, or coming to UMKCPD. Priority is given to reports of incidents that threaten life or safety of people, the security of the property and the peace of the community.

UMKCPD is located on the corner of 50th Street and Oak, on the bottom level of the Cherry Street Parking Structure and is accessible 24 hours a day.
Each day incidents from the previous day are made available on the crime log located in the Communications Office of the Police Department at 5005 Oak Street. The crime log is distributed to key staff, other law enforcement agencies, and, if necessary, to the prosecuting attorney.

**Reporting to Other Campus Security Authorities**

“Campus security authority” is defined as- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An “official” is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution. Clery further defines campus security authorities as:

- A campus police department or a campus security department of an institution. If your institution has a campus police or security department, those individuals are campus security authorities. A security department can be as small as one person.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring the entrance into institutional property). Include individuals who provide security at a campus parking kiosk, monitor access into a campus facility, act as event security or escort students around campus after dark.
- Any individual or organization specified in an institution’s statement of campus security policy as an individual or organization to which students and employees should report criminal offenses. If you direct the campus community to report criminal incidents to anyone or any organization in addition to police or security-related personnel, that individual or organization is a campus security authority.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student discipline and campus judicial proceedings. An official is defined as any person who has the authority and the duty to take action or respond to particular issues on behalf of the institution.

If someone has significant responsibility for student and campus activities, he or she is a campus security authority. Individuals who meet the criteria for being campus security authorities include:

- Director of Student Involvement.
- Dean of Students
- Director of Residential Life
- Director of Athletics, team coaches or a faculty advisor to a student group.
- Student resident advisors or assistants or students who monitor access to residence halls.
- Building liaisons and building managers
- Director of Human Resources
- A physician in the campus health center, a counselor in the campus counseling center or a victim advocate or sexual assault response team in a campus rape crisis center if they are identified by your school as someone to whom crimes should be reported or if they have significant responsibility for student and campus activities. However, if these individuals are not identified as
people to whom crimes should be reported or do not have significant responsibility for student and campus activities, they would not be considered CSAs.

Examples of individuals who would not meet the criteria for being campus security authorities include:
• A faculty member who does not have any responsibility for student and campus activity beyond the classroom.
• Clerical or cafeteria staff.

Note, that because personnel and job positions can change, someone who is a CSA one year might not be a CSA the following year or vice versa.

A campus security authority is not responsible for determining authoritatively whether a crime took place—that is the function of law enforcement personnel. A campus security authority should not try to apprehend the alleged perpetrator of the crime. That too is the responsibility of law enforcement. It is also not a CSA’s responsibility to try to convince a victim to contact law enforcement if the victim chooses not to do so.

Campus “professional counselors”, when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, they are encouraged, if and when they deem it appropriate, to inform persons being counseled of the procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics.

**Confidential Reporting Procedures**

The University does not have a voluntary confidential reporting system for annual crime statistics. Because police reports are public records under state law, UMKCPD cannot hold reports of crime in confidence. There are some very good reasons, in addition to prosecuting criminal activity, to promptly report crime.

- Timely notification about certain types of crime may affect the safety of others. These crimes include murder, rape, sexual assault, burglary, robbery, motor vehicle theft and arson.
- When you make your report, you assist UMKCPD in maintaining accurate records of the incidence of crime on campus. This information helps to keep the campus safe by providing the most accurate information on criminal activity to members of the campus community.

The one exception to this is sex offense reports. Pursuant to Revised Missouri Statutes 610.100, a victim of RSMO Chapter 566 (Sex Offenses) may request that his or her identity be kept confidential until a charge relating to such incident is filed. With your permission, UMKCPD can file a report on the details of a sexual assault without revealing your identity. The purpose of a confidential report is to comply with your wish to keep the matter confidential, while taking steps to ensure the future safety of yourself and others. With such information, the University can keep an accurate record of the number of incidents involving students, employees and visitors; determine where there is a pattern of crime with regard to a particular location, method, or assailant; and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.

Confidential reports for purposes of inclusion in the annual disclosure of crime statistics can generally be made through the [Title IX Office](#).
Anonymous reports are not the same as confidential reporting. If you are interested in reporting a crime anonymously, you can utilize the UMKC Police’s Silent Witness program. We do not attempt to trace the origin of the person who submits this form, unless such is deemed necessary for public safety.

Crime Prevention

The University Police Department makes every effort to be proactive to reduce and prevent crime. Some efforts are:

- emergency telephones located in the parking lots
- 24-Hour preventative patrol
- intrusion alarms in key areas
- property engraving program
- crime prevention seminars
- crime prevention materials
- on-line personal electronics registration
- on-line bicycle registration

Your Role in Preventing Crime

A high percentage of campus crimes are incidents of opportunity. Often faculty, staff and students unknowingly contribute to crimes of opportunity by placing themselves or their property at risk. Prevention efforts can be effective in reducing the opportunities for criminal activity. You play a key role in crime prevention efforts. Be cautious and alert to your own safety and protective of your possessions and University property.

In addition to preventing crime, considerable effort is devoted to crime intervention.

Prevention Tips

- Do not hesitate to call police when confronted.
- Keep your residence room or office locked.
- At night, walk in groups of at least two and stay on main walkways.
- Familiarize yourself with the location of emergency phones.
- When parking, remove valuables from view and lock your vehicle.
- Engrave your valuables with your driver's license number and record serial numbers.
- Make copies of credit cards and other valuables in your wallet.
- Report all losses to University Police immediately.
- Stay in control. Do not allow the abuse of alcohol or other substances to put you at risk.
- Do not leave personal property unattended.
- Be aware of your surroundings and what is going on around you.
- Do not hesitate to report suspicious individuals or activity to the University Police.
**Crime Prevention Presentations and Training**

In 2018, some of the crime prevention programs and workshops presented by the University Police included:

- New student orientations
- Parent orientation programs
- Transfer student orientations

SEE SOMETHING, SAY SOMETHING
Sexual Assault Policy Statement

The University of Missouri System addresses rape and sexual assaults in the following policies:

- **CRR 200.010** Standard of Conduct; and
- **600.020** Sex Discrimination, Sexual Harassment and Sexual Misconduct in Education/Employment Policy.

These policies define sexual misconduct in the following manner:

**Sexual Misconduct** including but not limited to nonconsensual sexual intercourse; nonconsensual sexual contact involving the sexual touching of the lips, genitals, breast anus, groin or buttocks of another person or the nonconsensual sexual touching of another with one’s own genitals whether directly or through the clothing; or exposing one’s genitals to another under circumstances in which he or she should reasonably know that his or her conduct is likely to cause affront or alarm; sexual exploitation; or sexual harassment, as defined in Section **200.010** of the Collected Rules and Regulations. For purposes of this policy, the term nonconsensual includes, without limitation, circumstances in which the alleged victim was incapacitated by alcohol, drugs or other circumstances and, therefore, incapable of consenting.

The University will investigate all allegations of sexual assault and take appropriate disciplinary, criminal, or legal action, with prior consent of the victim.

As soon as convenient, the victim of a sexual assault should report the incident to the University Police, 9-1-1, or (816) 235-1515. If the sexual assault occurred off campus, the victim may still call UMKC Police. If the victim chooses, UMKC Police will notify the appropriate agency to handle the investigation. The victim should make every attempt to preserve any physical evidence of the assault. This may include a voluntary medical exam, not showering, or not disposing of any damaged clothing, or other items that are present after/during the assault. Victims are encouraged to call any law enforcement agency by dialing 9-1-1 after a sexual assault for crime investigation, referral or transport for medical treatment, and referral to crisis counseling and legal advocacy.

The University Police, with the victim’s consent, will immediately conduct a criminal investigation of a reported sexual assault. They will also contact a crisis-counselor, if the victim wishes. Disciplinary actions may be imposed on individual students, recognized student organizations, and/or university faculty and staff found responsible for a sexual assault. University sanctions following campus disciplinary procedures depend on the outcome and may range from suspension to expulsion. Every effort will be made to criminally prosecute perpetrators of sexual assaults. The accuser and the accused are entitled to the same opportunities to have others present during a campus disciplinary proceeding and both shall be informed of the outcome of the proceeding. To learn campus disciplinary proceedings, victims of sexual assault are encouraged to contact UMKC’s Title IX Coordinator, Sybil Wyatt, at 816-235-6910 or wyattsb@umkc.edu, or visit UMKC’s Title IX website, [http://info.umkc.edu/title9/](http://info.umkc.edu/title9/).

After an alleged sexual assault incident occurs, the University will provide written notification to students and employees about existing institutional and community counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance, student financial aid and other services available for victims. The University will provide written notification to victims about options for, available assistance in, and how to request changes to academic, living, transportation and working situations, if so requested by the victim, and if such accommodations are reasonably available regardless of whether the
victim chooses to report the crime to campus police or local law enforcement. The University will assist the victim in changing academic and living situations if so requested and if such changes are reasonably available. Individuals who need assistance should contact the Title IX Office. Individuals, groups and organizations wanting information or programs that address sexual assaults and how to prevent such incidents should contact the UMKC Police or UMKC’s Violence Prevention and Response Manager Michelle Kroner at 816-235-1652 or kronermm@umkc.edu.

- CONTACT the University Police (or your local police if off campus) by dialing 9-1-1
- DO NOT shower, bathe, douche, change or destroy clothing

Sexual Harassment Policy

The University of Missouri uses information, education and guidance to increase awareness of the problem of sexual harassment.

It is the policy of the University of Missouri (CRR 600.020), in accord with providing a positive, discrimination-free environment, that sexual harassment in the work place or the educational environment is unacceptable conduct. Sexual harassment is subject to discipline, up to and including separation from the institution. This policy aims for an increased awareness regarding sexual harassment by making available information, education and guidance on the subject for the University community.

Sexual harassment is defined for this policy as either:
- Unwelcome sexual advances or requests for sexual activity by a person or persons in a position of power or authority to another person, or
- Other unwelcome verbal or physical conduct of a sexual nature or because of sex, pregnancy, gender identity, or gender expression when:
  - Submission to or rejection of such conduct is used explicitly or implicitly as a condition for academic or employment decisions; or
  - Such conduct creates a hostile environment by being sufficiently severe or pervasive and objectively offensive that it interferes with, limits or denies the ability of an individual to participate in or benefit from educational programs or activities or employment access, benefits or opportunities.

Sexual harassment may occur regardless of the sex, gender identity, gender expression, or sexual orientation of the parties.

This policy also prohibits retaliation against any person who brings an accusation of discrimination or sexual harassment or who assists with the investigation or resolution of sexual harassment. Notwithstanding this provision, the University may discipline an employee or student who has been determined to have brought an accusation of sexual harassment in bad faith.

Members of the University community who believe they have been sexually harassed may seek redress, using UMKC’s Equity Resolution Process as described in CRR 600.030 (Equity Resolution Process for Resolving Complaints of Harassment, Sexual Misconduct and Other Forms of Discrimination against a Student or Student Organization), CRR 600.040 (Equity Resolution Process for Resolving Complaints of Harassment, Sexual Misconduct and Other Forms of Discrimination against a Faculty Member) and CRR 600.050 (Equity Resolution Process for Resolving Complaints of Harassment, Sexual Misconduct and Other Forms of Discrimination against a Staff Member). To learn more information about the Equity Resolution Process, please contact UMKC’s Title IX Office.

Per 34 CFR 668.46(m), an institution, or an officer, employee, or agent of an institution, may not retaliate, intimidate, threaten, coerce, or otherwise discriminate against any individual for exercising their rights under the Clery Act.
Alcohol and Drugs

University police officers enforce laws regulating the use of alcoholic beverages and underage drinking. UMKC is committed to maintaining a safe and healthy environment for the campus community. Alcohol and other drugs should not interfere with the University’s educational mission. All UMKC students, faculty members, staff members, and administrators are subject to local, state and federal laws regarding the unlawful possession, distribution, or use of alcohol or illegal drugs. Violations of University of Missouri regulations can result in disciplinary action up to and including expulsion for students and discharge for employees.

Alcohol Policy

The use or possession of any alcoholic beverage is strictly prohibited on all University property except where appropriate University approval is given, subject to legal requirements. To request permission to serve alcoholic beverages at events that support the mission of the University, departments should inquire at the Office of the Vice Provost for Student Affairs – Dean of Students. Student organizations should inquire at the Office of Student Involvement.

It is the responsibility of each recognized student organization to see that those in attendance at their social functions and meetings conduct themselves in accordance with UMKC regulations, local ordinances, state and federal laws, and the organization's national affiliation regulations. Each recognized student organization shall be held responsible, as an organization, for any violation of UMKC regulations, local ordinances, state and federal laws, and the organization's national affiliation regulations committed on any premises under its control.

The University of Missouri-Kansas City observes and supports all applicable state and federal laws and local ordinances regulating the sale and possession of alcoholic beverages. Additional information about the UMKC alcohol policy is available on line at https://www.umsystem.edu/ums/rules/hrm/hr500/hr508 .

Drug Policy

University of Missouri regulations prohibit the unlawful possession, use, distribution, manufacture, and sale of illicit drugs without proper prescription or required license or as expressly permitted by law or University regulations, including operating a vehicle on University property, or on streets or roadways adjacent to and abutting a campus, under the influence of alcohol or a controlled substance as prohibited by law of the State of Missouri.

Additional information about the UMKC drug policy is available at https://www.umsystem.edu/ums/rules/hrm/hr500/hr508.

Missing Students in On-Campus Housing

Purpose:

The purpose of this statement is to set forth University policy with regard to situations where the University becomes aware that a student living in on-campus housing is absent for more than a reasonable time.

Preamble:

The Higher Education Opportunity Act of 2008 requires that certain universities establish a missing student notification policy for students residing in on-campus housing.

Policy Statement:

1. All students living in on-campus housing must identify and provide emergency contact information to the Residential Life Office. Each student will be responsible for keeping the confidential contact information updated and current through their UMKC Pathway Account.

2. If university officials reasonably determine or believe there is justification to investigate the welfare or missing status of a student living in on-campus housing, a report concerning their missing status will be immediately filed with the University Police Department. A student living in on-campus housing will not be considered missing if they have provided information about their intended whereabouts. A student living in on-campus housing will not be considered missing if they are gone during recognized University holidays and/or breaks.

3. If the University Police Department's investigation determines that a student for whom a report has been filed has been missing for more than twenty-four (24) hours, the University Police Department will notify the Division of Student Affairs. The Dean of Students will determine who to contact for the student.
4. If the missing student is under the age of eighteen (18), the University is required to contact the missing student's parent[s] or guardian[s]. If the missing student is eighteen (18) years of age or older, the University will contact the confidential contact person provided by the student pursuant to paragraph 1 above.

The missing student will not be considered found unless contacted directly by University or law enforcement personnel.

**Campus Facilities Access**

It is the policy of the University of Missouri-Kansas City that other than normal working hours, all buildings shall be locked to maintain the security of the buildings and their contents. Staff members and students may be issued keys or granted access to University buildings upon recommendation of the department chair or administrative head, in accordance with established procedures. Keys are issued for entry to University buildings for the purpose of conducting University business only. Access will be granted in those buildings or rooms that are equipped with the card access system.

All faculty, staff or students who are not issued a key or granted card access may gain access to a specific area of a specific building in accordance with the following procedure:

- Written and signed permission from the dean, director, or departmental head of the specified location. This written and signed authorization shall be filed with the University Police at least 24 hours in advance. Anyone not on the authorization list and in the specified location will be asked to leave.

- An authorized individual entering or leaving a locked building shall not permit any individual to enter who would not normally be permitted to enter the building during the hours it is locked. Authorized individuals may have guests with them as long as the guests stay in the proximity of faculty or staff members having the assigned key and the authorized individual assumes full responsibility for their presence.

- An individual entering or leaving a locked building shall be responsible for securing the door and may be held responsible for any damage to University property resulting from non-secured doors.

- The loss or theft of any key is to be reported immediately to the department chair or administrative head who in turn will notify Campus Facilities Management and Campus Police.

- All faculty, staff and students are to have their University identification with them while on campus. In addition, they are required to produce the identification upon request from the University Police.

- Situations that individuals perceive as security hazards are requested to report these to the University Police or Campus Facilities Management.

Residence Hall students should never prop locked doors open or loan their residence hall keys or access cards to anyone. Students are to make themselves familiar with Residence Hall policies concerning visitors, after-hour admittance and general security policies. These policies and rules can be obtained from their resident assistant, Residential Life Coordinator or the Housing Office, or online at [https://info.umkc.edu/housing/wp-content/uploads/2017/10/UMKC-ResLife-GGL-17-18.pdf](https://info.umkc.edu/housing/wp-content/uploads/2017/10/UMKC-ResLife-GGL-17-18.pdf). Other security tips to remember include:
- Ask strangers to wait in common areas while their friends are summoned.
- Lock your room door and windows when you leave, even if only for a minute, and take your keys with you.
- Keep small valuable items out of sight, in a closed drawer, or another safe place.
- Politely offer assistance to persons in your building or residence you do not recognize. If they have legitimate business, they will appreciate your help. If they do not, ask them to leave.
- Keep your room locked when you are not present. Do not leave your car unlocked when loading or unloading.
- Do not leave coats, books, or other valuable items in common areas. Keep them in your room.
- If you hear or see something suspicious, call the police immediately. Dial 9-1-1 for an emergency, or (816) 235-1515 if it is a non-emergency.

**Maintenance of Campus Facilities**

The campus facilities are maintained by UMKC Campus Facilities Management and patrolled by the University Police. Campus Facilities Management maintains the University buildings, grounds and roadways with a concern for safety and security. They maintain their own key shop staffed by certified locksmiths. They inspect campus facilities regularly, make repairs affecting safety and security, and respond to reports of potential safety and security hazards, such as broken windows, locks, and lighting. The police officers submit work orders for repair, recommend the trimming of shrubbery for safety reasons and conduct periodic lighting surveys. Officers report the need for replacement of lights and any other physical hazards. Periodic crime prevention surveys are conducted when a crime occurs or upon the physical change of office space and equipment when requested by an administrator. Call Campus Facilities Management, (816) 235-1354, during business hours or the University Police after hours to report any safety or security hazard in or around campus buildings, grounds or roadways.
UMKC does not discriminate on the basis of sex in its educational programs and sexual harassment and sexual violence are types of sex discrimination. Other acts can also be forms of sex-based discrimination and are also prohibited whether sexually based or not and include dating violence, domestic violence, and stalking. As a result, UMKC issues this statement of policy to inform the community of our comprehensive plan addressing sexual misconduct, educational programs, and procedures that address sexual assault, domestic violence, dating violence, and stalking, whether the incident occurs on or off campus and when it is reported to a University official. In this context, UMKC prohibits the offenses of domestic violence, dating violence, sexual assault and stalking and reaffirms its commitment to maintain a campus environment emphasizing the dignity and worth of all members of the university community.

A. Definitions

There are numerous terms used by UMKC in our policy and procedures in the University of Missouri System Collected Rules and Regulations 600.020 and 200.010.

Consent: Consent to sexual activity is knowing and voluntary. Consent to sexual activity requires of all involved persons a conscious and voluntary agreement to engage in sexual activity. Each person engaged in the sexual activity must have met the legal age of consent. It is the responsibility of each person to ensure they have the consent of all others engaged in the sexual activity. Consent must be obtained at the time of the specific activity and can be withdrawn at any time. Consent, lack of consent or withdrawal of consent may be communicated by words or non-verbal acts.

Someone who is incapacitated cannot consent. Silence or absence of resistance does not establish consent. The existence of a dating relationship or past sexual relations between the Parties involved should never by itself be assumed to be an indicator of consent. Further, consent to one form of sexual activity does not imply consent to other forms of sexual activity. Consent to engage in sexual activity with one person does not imply consent to engage in sexual activity with another. Coercion and force, or threat of either, invalidates consent. (CRR 600.020)

The following is not University policy, but provided for added clarity:

Any sexual act that is initiated upon a person without their consent is against the law and is a violation of UMKC Code of Conduct and UMKC policy. No person shall be subject to any form of retaliation for making a report required by this policy or for making any other good faith report to a Title IX Coordinator.

Consent is two people (or more) deciding together to do the same thing, at the same time, in the same way, with each other. Consent means that you cannot make assumptions about what your partner
does or does not want. Absence of the clear communication means that there is no permission to touch someone else. Silence and passivity do not equal consent. Consent to one form of sexual activity does not automatically imply consent to other forms of sexual activity.

There are circumstances in which even when consent is given, it is not valid. Consent is invalid when given under coercion, intimidation, threat of force; when given by a mentally or physically incapacitated person (e.g., unconscious, too intoxicated to consent, asleep, etc.); or when given by a minor. Continued requests or verbal pressure for sexual activity can be coercive and/or intimidating and may invalidate consent. There is no obligation for an alleged victim to fight off or act in any way to stop a sexual aggressor.

**Sexual Misconduct.** Sexual misconduct is:

1) nonconsensual sexual intercourse;
2) nonconsensual sexual contact involving the sexual touching of the lips, genitals, breast, anus, groin or buttocks of another person or the nonconsensual sexual touching of another with one’s own genitals whether directly or through the clothing;
3) exposing one’s genitals to another under circumstances in which he or she should reasonably know that his or her conduct is likely to cause affront or alarm; or
4) sexual exploitation. (CRR 600.020)

**Stalking** another by following or engaging in a course of conduct with no legitimate purpose that puts another person reasonably in fear for his or her safety or would cause a reasonable person under the circumstances to be frightened, intimidated or emotionally distressed. (CRR 200.010)

**Stalking on the Basis of Sex.** Stalking on the basis of sex is following or engaging in a course of conduct on the basis of sex with no legitimate purpose that puts another person reasonably in fear for his or her safety or would cause a reasonable person under the circumstances to be frightened, intimidated or emotionally distressed. (CRR 600.020)

**Dating/Intimate Partner Violence.** Violence, threats of violence, intimidation and acts of coercion committed by a person who is or has been in a social relationship of a romantic or intimate nature with the recipient of the violent behavior. (CRR 600.020)

4. This section shall not apply to activities of federal, state, county, or municipal law enforcement officers conducting investigations of any violation of federal, state, county, or municipal law.

RSMo §565.227. Stalking, second degree:

1. A person commits the offense of stalking in the second degree if he or she purposely, through his or her course of conduct, disturbs, or follows with the intent to disturb another person.

2. This section shall not apply to activities of federal, state, county, or municipal law enforcement officers conducting investigations of any violation of federal, state, county, or municipal law.

3. Any law enforcement officer may arrest, without a warrant, any person he or she has probable cause to believe has violated the provisions of this section.

Missouri Dating Violence Statute:

There is currently no Missouri Statue governing Dating Violence, though some Dating Violence, as defined in the Clery Act overlaps with the Domestic Violence definition above.

Missouri Consent Statute - RSMo § 556.061.2:

Consent or lack of consent may be expressed or implied. Assent does not constitute consent if:

a) It is given by a person who lacks the mental capacity to authorize the conduct charged to constitute the offense and such mental incapacity is manifest or known to the actor; or

b) It is given by a person who by reason of youth, mental disease or defect, intoxication, a drug-induced state, or any other reason is manifestly unable or known by the actor to be unable to make a reasonable judgment as to the nature or harmfulness of the conduct charged to constitute the offense; or

c) It is induced by force, duress or deception;
Clery/VAWA Definitions

For purposes of the VAWA 2013 Section 304 amendments to the Clery Act, the following definitions apply per 34 CFR 668.46:

Sexual Assault: “Sexual assault” means an offense that meets the definition of rape, fondling, incest, or statutory rape as used in the FBI’s Uniform Crime Reporting (UCR) program. Per the National Incident-Based Reporting System User Manual from the FBI UCR Program, a sex offense is “any act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.”

- Rape is defined as the penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.
- Fondling is defined as the touching of the private parts of another person for the purposes of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of his/her age or because of his/her temporary or permanent mental incapacity.
- Incest is defined as non-forcible sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.
- Statutory Rape is defined as non-forcible sexual intercourse with a person who is under the statutory age of consent.

Domestic Violence: The term “domestic violence” means

1) Felony or misdemeanor crimes of violence committed—
   a) By a current or former spouse or intimate partner of the victim;
   b) By a person with whom the victim shares a child in common;
   c) By a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
   d) By a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; or
   e) By any other person against an adult or youth victim who is protected from that person’s acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

2) For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Dating Violence: The term “dating violence” means violence committed by a person:

1) who is or has been in a social relationship of a romantic or intimate nature with the victim and
2) the existence of such a relationship shall be based on the reporting party’s statement and with consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

For the purposes of this definition:
(i) Dating Violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse.
(ii) Dating Violence does not include acts covered under the definition of domestic violence.

For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

**Stalking:** The term “stalking” means:

1) Engaging in a course of conduct directed at a specific person that would cause a reasonable person to—

   (i) Fear for the person’s safety or the safety of others; or
   (ii) Suffer substantial emotional distress.

2) For the purposes of this definition—

   (i) Course of conduct means two or more acts, including, but not limited to, acts which the stalker directly, indirectly, or through third parties, by any action, method, device, or means follows, monitors, observes, surveils, threatens, or communicates to or about, a person, or interferes with a person’s property.

   (ii) Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily, require medical or other professional treatment or counseling.

   (iii) Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim.

3) For the purposes of complying with the requirements of this section and section 668.41, any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.
B. Education and Prevention Programs

The University engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

a. Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct;
b. Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking;
c. Defines what behavior and actions constitute consent to sexual activity in the State of Missouri and/or using the definition of consent found in the Student Code of Conduct if state law does not define consent;
d. Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene;
e. Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander inaction and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

As a part of the University’s commitment to provide violence prevention training and education to its student population, UMKC requires all of its students to complete an online interpersonal violence prevention training program called “Not Anymore”. This video-based program provides critical information about consent, bystander intervention, sexual assault, dating and domestic violence, stalking, and much more.
Under the 2013 Reauthorization of the Violence Against Women Act, new students and new employees must be offered “primary prevention and awareness programs” that promote awareness of rape, acquaintance rape, domestic violence, dating violence, sexual assault, and stalking. The University has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students; participating in and presenting information and materials during new employee orientation.

The University offered the following **primary prevention and awareness programs for all incoming students** in 2018:

C. Procedures for Reporting a Complaint

The University has procedures in place that serve to be sensitive to those who report sexual assault, domestic violence, dating violence, and stalking, including written notification to students and employees about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, transportation and working accommodations, if reasonably available. The University will make such accommodations, if the victim requests them and if they are reasonable available, regardless of whether the victim chooses to report the crime to the UMKC Police or local law enforcement. Students and employees should contact Title IX Coordinator Sybil Wyatt at 816-235-6910.

UMKC is dedicated to the safety and security of all students, faculty, staff and visitors. The University strongly encourages students, faculty, staff and visitors who have been impacted by sexual harassment, sexual violence, interpersonal violence or stalking to use the support services identified and/or pursue criminal and university action. The Title IX Office provides the primary resource for investigations of university sexual harassment and sexual violence complaints and will coordinate as needed with campus police and deputy Title IX coordinators to handle complaints of sexual misconduct, sexual assault and violence. Sex discrimination may include same-sex, gender identity, and gender expression discrimination.

Any employee of the University who becomes aware of sex discrimination including sexual harassment, sexual misconduct, stalking on the basis of sex, dating/intimate partner violence or sexual exploitation is a Mandated Reporter, regardless of whether the recipient of the behavior is a student, employee, volunteer or visitor of the University. Exception: Employees with a legal obligation or privilege of confidentiality (including health care providers, counselors, lawyers, and their associated staff) are not considered Mandated Reporters and are not required to report when the information is learned in the course of a confidential communication.

The Title IX Coordinator is regarded as a “Responsible Employee” under Title IX and also a “Campus Security Authority” under the Clery Act. Statistical information less the victim’s identifying information will be provided to Campus Police even if the victim chooses not to alert Campus Police personally.

To file a complaint of sexual harassment, sexual misconduct, or sexual violence/assault, contact the Title IX Coordinator at 816-235-6910 or visit the Title IX Office’s website at http://info.umkc.edu/title9/.

After an incident of sexual assault, domestic violence or dating violence, the victim should consider seeking medical attention as soon as possible at Saint Luke’s Hospital-Plaza, 4401 Wornall Road, Kansas City, MO 64111, 816-932-2000, or Truman Medical Center, 2301 Holmes, Kansas City, MO 64108, 816-404-1000. In Missouri, evidence may be collected even if you choose not to make a report to law enforcement. Under the Violence Against Women and Department of Justice Reauthorization Act of 2005, starting in 2009, states must certify that they do not “require a victim of sexual assault to participate in the criminal justice system or cooperate with law enforcement in order to be provided with a forensic medical exam, reimbursement for charges incurred on account of such an exam, or both.” It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a
protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted disease. Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University hearing boards/investigators or police. Although the university strongly encourages all members of its community to report violations of this policy to law enforcement, it is the victim’s choice whether or not to make such a report and victims have the right to decline involvement with the police. The University will assist any victim with notifying local police if they so desire. The University of Missouri-Kansas City Police Department may also be reached directly by calling 816-235-1515 or in person at 5005 Oak St., Kansas City, MO 64112. Additional information about the University of Missouri-Kansas City Police Department may be found online at: http://www.umkc.edu/finadmin/police/.

If you have been the victim of domestic violence, dating violence, sexual assault, or stalking, you should report the incident promptly to the Title IX Coordinator, 5115 Oak, Administrative Center Room 212, Kansas City, MO 64112, 816-235-6910. You make the report by calling, writing or coming into the office to report the incident. The University will provide resources, on campus, off campus or both, to include medical, health, to persons who have been victims of sexual assault, domestic violence, dating violence, or stalking, and will apply appropriate disciplinary procedures to those who violate this policy. The procedures set forth below are intended to afford a prompt response to charges of sexual assault, domestic or dating violence, and stalking, to maintain confidentiality and fairness consistent with applicable legal requirements, and to impose appropriate sanctions on violators of this policy.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Police or other law enforcement to preserve evidence in the event that the victim changes her/his mind at a later date.
If a report of domestic violence, dating violence, sexual assault or stalking is reported to the University, the below are the procedures that the University will follow as well as a statement of the standard of evidence that will be used during any judicial hearing on campus arising from such a report:

Report of sex discrimination received by Title IX Coordinator

Complainant wishes to pursue an investigation

Preliminary investigation begins

The Appropriate Administrative Officer will promptly investigate or appoint a trained investigator or a team of trained investigators.

If, in the opinion of the Appropriate Administrative Officer, a reasonable person could find the Accused responsible for violating the University’s Anti-Discrimination Policies, based on the evidence presented, the Appropriate Administrative Officer will direct the process to continue. If this point, the parties will receive a Notice of Charges.

If the Appropriate Administrative Officer determines that no reasonable person could find the Accused in violation, then the process will end.

The Complainant may request that the Title IX Coordinator reopen the investigation.

Complainant requests confidentiality or asks that the Complaint not be pursued

The Title IX Coordinator takes all reasonable steps to investigate and respond to the Complaint consistent with the request for confidentiality or the request not to pursue an investigation and evaluates the Complainant’s request in the context of providing a safe and nondiscriminatory environment for all students.

If the Title IX Coordinator decides the University will not pursue the Complaint, the Title IX Coordinator will consider other steps to limit and remedy the effects of the alleged misconduct and prevent its recurrence.

Conflict Resolution

The Appropriate Administrative Officer will meet with the Accused to review the charges and the investigation.

Confidential Resolution

If the Accused admits responsibility, in whole or in part, the Appropriate Administrative Officer will render a finding that the individual is in violation of University policy for the admitted conduct.

At least three business days prior to rendering a finding, parties will be provided with written notice of intent to render a finding.

Within three business days of the resolution, the Appropriate Administrative Officer will inform the Accused and the Complainant of the final determination.

Informal Resolution

For any disputed resolutions, the Appropriate Administrative Officer will render a finding utilizing the preponderance of evidence standard. Appropriate sanctions or remedial actions are then determined. The informal resolution process is complete. The findings and sanctions are subject to appeal.

At least three business days prior to rendering a finding, parties will be provided with written notice of intent to render a finding.

Within three business days of the resolution, the Appropriate Administrative Officer will inform the Accused and the Complainant of the final determination.

Procedural Details / Rights of the Parties

An Equity Resolution Hearing Panel will be convened usually within one to two weeks of the completion of the investigation.

At least seven business days prior to the hearing, or as far in advance as is reasonably possible if an accelerated resolution process is scheduled with the consent of the parties, the Appropriate Administrative Officer will send a letter to the parties with a Notice of Hearing.

At least four business days prior to the hearing, the parties will give to the Appropriate Administrative Officer a list of the names of the proposed witnesses and copies of all proposed documentary evidence.

At least two business days prior to the hearing, the Appropriate Administrative Officer will have available for the parties to pick up the names of proposed witnesses, copies of all pertinent documentary evidence and a copy of any investigative report. In addition the parties will be given a list of the names of each of the Equity Resolution Hearing Panel members at least two business days in advance of the hearing. Should any Complainant or Accused object to any panelist, they must raise all objections, in writing, to the Hearing Panelist Chair as soon thereafter as possible.

The Hearing begins. The procedures are explained and the participants are introduced. The investigator(s) will present the report of the investigation first, and will be subject to questioning by the parties and the Hearing Panel.

The Hearing Panel will then permit testimony by the parties and any present witnesses. The parties may question anyone giving testimony. Questions may be directed through the panel at the discretion of the Chair of the Hearing Panel.

The three members of the Equity Resolution Hearing Panel will deliberate with no others present, except any legal advisor to the Hearing Panel, to determine whether the Accused is responsible or not responsible for the policy violation(s) in question. The panel will base its determination on a preponderance of the evidence (i.e., whether it is more likely than not that the Accused committed each alleged violation). If an Accused is found responsible by a majority of the panel, the panel will determine appropriate sanctions.

The Equity Resolution Hearing Panel Chair will prepare a written panel report and deliver it to the Appropriate Administrative Officer.

The Appropriate Administrative Officer will inform the Accused and the Complainant of the final determination within 3 business days of receipt of the panel report, without significant time delay between notifications. Notification will be made in writing.

Students
Report of sex discrimination received by the **Equity HR Officer or Title IX Coordinator.**

The Equity HR Officer or designee promptly appoints a trained investigator or team of trained investigators. Parties will be notified within seven business days that an investigation has commenced.

The investigator(s) will make efforts to include interviews with the Parties and relevant witnesses, obtain evidence and identify sources of expert information if necessary. The investigator(s) will provide an investigation report to the Equity HR Officer and Supervisor.

The Equity HR Officer or designee will review the investigation. Based on that review, they will make a summary determination whether a reasonable person could, based on the evidence gathered, find the Accused responsible for violating the University's Anti-Discrimination Policies.

If the Equity HR Officer or designee decides a reasonable person could find the Accused in violation then the Equity HR Officer or designee will direct the process to continue.

If the Equity HR Officer or Designee determines that no reasonable person could find the Accused in violation, then the process will end.

The **Complainant** and the Accused will be sent written notification of the determination.

The Equity HR Officer or Designee may counsel and suggest training opportunities to correct for inappropriate behavior that does not rise to the level of a violation.

Complainant may request the Equity Resolution Appellate Officer to reconsider the summary determination.

---

**Conflict Resolution** — **Rights of the Parties** — **Administrative Resolution**

In a Conflict Resolution meeting, a neutral University-assigned facilitator will foster dialogue with the parties to an effective resolution, if possible. Failure to abide by the agreed upon resolution can result in appropriate responsive actions.

The **Investigator(s)** will provide an investigation report to the Equity HR Officer and Supervisor.

The Equity HR Officer and Supervisor will meet with the Accused, and possibly others, to review the alleged policy violations and the investigation report.

If the Accused admits responsibility, in whole or in part, the Equity HR Officer and Supervisor will render a finding that the individual is in violation of University policy for the admitted conduct.

For any disputed violations, the Equity HR Officer and Supervisor will render a joint finding utilizing the preponderance of evidence standard.

The Equity HR Officer and Supervisor will determine appropriate sanctions or remedial actions.

If the Equity HR Officer will inform the Accused and the Complainant of the joint finding on each of the alleged policy violations and the joint finding on sanctions, if applicable. **In writing within 5 business days of the findings,** without significant time delay between notifications.

The findings and sanctions are subject to appeal.
D. Resolution of Complaints

Whether or not criminal charges are filed, the university¹ or a person may file a complaint alleging that a student, faculty member or staff member violated the University’s anti-discrimination policies. The rules of procedure governing such complaints can be found at CRR 600.030 (Equity Resolution Process for Resolving Complaints of Harassment, Sexual Misconduct and Other Forms of Discrimination against a Student or Student Organization), CRR 600.040 (Equity Resolution Process for Resolving Complaints of Harassment, Sexual Misconduct and Other Forms of Discrimination against a Faculty Member) and CRR 600.050 (Equity Resolution Process for Resolving Complaints of Harassment, Sexual Misconduct and Other Forms of Discrimination against a Staff Member).

Reports of all domestic violence, dating violence, sexual assault and stalking made to Campus Police will automatically be referred to the Title IX Coordinator for investigation regardless of if the complainant choses to pursue criminal charges.

The university disciplinary process is consistent with the institution’s policy and will include a prompt, fair, and impartial investigation and resolution process transparent to the complainant and the accused. Usually, the resolution of complaints of sexual misconduct are completed within 60 business days of the report, however the proceedings timeframe allows for extensions for good cause with notice to the accuser and the accused of the delay and the reason for the delay.

The Rules of Procedures provide that:

1. The resolution process will be conducted by officials who receive annual training on the issues related to dating violence, domestic violence, sexual assault and stalking and on how to conduct a resolution process that protects the safety of victims and promotes accountability.
2. The complainant and the accused will have timely notice for meetings at which the complainant or accused, or both, may be present;
3. The institution will allow for timely access to the complainant, the accused and appropriate officials to any information that will be used after the fact-finding investigation but during formal and informal resolution processes;

¹ Title IX states that if an institution knows or reasonably should know of sexual harassment, to include sexual violence, the institution has a duty to investigate. Consequently, whether a complainant chooses to cooperate or not should not be the deciding factor for whether or not disciplinary charges are brought against an accused party. If an investigation determines that it is more likely than not that the institution’s sexual misconduct policy was violated, then the “University” may assume the role of the complainant.
4. The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the complainant or the accused;
5. The institution provides the complainant and accused the same opportunities to have others present during an institutional disciplinary proceeding. The complainant and the accused each have the opportunity to be advised by a personal advisor of their choice, at their expense, at any stage of the process and to be accompanied by that advisor at any meeting or proceeding. An advisor may only consult and advise his or her advisee, but not speak for the advisee at any meeting or hearing. The advisor may not make a presentation or represent the complainant or the accused during any meeting or proceeding. The parties are expected to ask and respond to questions on their own behalf, without representation by their advisor. The advisor may consult with the advisee quietly or in writing, or outside the meeting or proceeding during breaks, but may not speak on behalf of the advisee to the investigators or hearing panelists. Advisors who do not follow these guidelines will be warned or dismissed from the meeting or proceeding at the discretion of the investigator(s) during the investigation, the Title IX Coordinator during the Informal Resolution process, or the Equity Resolution Hearing Panel Chair during the Formal Resolution process;
6. The decision will be based on the preponderance of evidence standard, i.e. “more likely than not to have occurred” standard. In other words, the conduct process asks: “is it more likely than not that the accused student violated the University’s Student Conduct Code?”; and
7. The complainant and the accused will be notified simultaneously in writing of the result of any disciplinary proceeding, as well as any changes to those result or disciplinary actions prior to the time that such results become final.

**Appeals**

Both Complainant and Accused are allowed to appeal the decision of the Equity Resolution Panel or the Title IX Coordinator, but appeals are limited to the following:

- a) A procedural error occurred that significantly impacted the outcome of the Informal or Formal Resolution (e.g. substantiated bias, material deviation from established procedures, etc.).
- b) To consider new evidence, unavailable during the original hearing, Informal or Formal Resolution or investigation, that could substantially impact the original finding or sanction.
- c) The sanctions fall outside the range typically imposed for this offense, or for the cumulative conduct record of the Accused.

Both parties may submit a request for appeal to the Equity Resolution Appellate Officer. All requests for appeal must be submitted in writing to the Equity Resolution Panel Appellate Officer within three business days of the delivery of the written finding of the Equity Resolution Hearing Panel or the Title IX Coordinator. The Equity Resolution Appellate Officer may, in their discretion, grant an extension of 5 business days to both parties to file a request for appeal.

If the Equity Resolution Appellate Officer accepts the request for appeal, then he or she will proceed with rendering a decision on the appeal applying the following additional principles:

- a) Decisions by the Equity Resolution Appellate Officer are to be deferential to the original decision, making changes to the finding only where there is clear error and to the sanction/remedial action only if there is a compelling justification to do so.
b) Appeals are not intended to be full re-hearings of the complaint. In most cases, appeals are confined to a review of the written documentation or record of the Formal Resolution or Informal Resolution, and pertinent documentation regarding the grounds for appeal. Appeals granted based on new evidence should normally be remanded to the original Equity Resolution Hearing Panel or Title IX Coordinator for reconsideration.

c) Sanctions imposed are implemented immediately unless the Equity Resolution Hearing Panel or Appellate Officer or designee stays their implementation pending the outcome of the appeal.

d) The Equity Resolution Appellate Officer will normally render a written decision on the appeal to all parties within seven business days from accepting the request for appeal.

e) All parties should be informed of whether the grounds for an appeal are accepted and the results of the appeal decision.

f) Once an appeal is decided, the outcome is final: further appeals are not permitted.

When a complainant does not consent to the disclosure of his or her name or other identifiable information to the alleged perpetrator, the university’s ability to respond to the complaint may be limited.

Confidentiality
The University will protect the identity of persons who report having been victims of sexual assault, domestic violence, dating violence, or stalking to the fullest extent of the law and as previously mentioned in this document.

Sanctions and Protective Measures
The University may implement protective measures following the report of domestic violence, dating/intimate partner violence, sexual misconduct and/or stalking which may include some or all of the following actions:

- police officer escorts,
- a University order of no contact,
- residence hall relocation,
- adjustment of course schedules,
- a leave of absence, or
- reassignment to a different supervisor or position.

Investigations that result in a finding of a violation of the University’s anti-discrimination policies for students found responsible for sexual assault, domestic violence, dating/intimate partner will lead to sanctions including, but not limited to:

- written warning,
- probation,
- loss of privileges,
- restitution,
- discretionary sanctions,
- residence hall suspension,
- residence hall expulsion,
- university dismissal,
- university suspension, or
- university expulsion.
Employees who violate the University’s anti-discrimination policies will be subject to discipline to include:

- warning – verbal or written,
- performance improvement plan,
- required counseling,
- required training or education,
- loss of annual pay increase,
- loss of supervisory responsibility,
- recommendation of discipline in a training program, including recommendation of termination, suspension or other corrective or remedial actions;
- demotion;
- termination;
- for non-regular faculty, immediate termination of term contract and employment;
- for regular, untenured faculty, sanctions also include:
  - immediate termination of term contract and employment (notice of not reappointing would not be required);
  - suspension without pay (while the appeal is pending this is a suspension with pay); and
  - non-renewal of appointment;
- for regular, tenured faculty, sanctions also include:
  - suspension without pay (while the appeal is pending, but not for the duration of the dismissal for cause proceedings, this is a suspension with pay); and
  - removal from campus and referral to the Chancellor to initiate dismissal for cause as detailed in Section 310.060 of the Collected Rules and Regulations.

Sexual assault, domestic violence, dating/intimate partner violence, and stalking are criminal acts which also may subject the perpetrator to criminal and civil penalties under federal and state law.

The Title IX Coordinator or her designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include, but are not limited to: a University order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These measures are listed in the “Title IX Rights Handbook” provided to all new students and will be provided additionally when necessary. These remedies may be applied to one, both, or multiple parties involved. Violations of the Title IX Coordinator’s directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by the University.

The University will, upon written request, disclose to the alleged victim of a crime of violence, or a non-forcible sex offense, the report on the results of any disciplinary proceeding conducted by the institution against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as the result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for purposes of this paragraph.

---

2 Applicable law requires that, when taking such steps to separate the complainant and the accused, the University must minimize the burden on the complainant and thus should not, as a matter of course, remove the complainant from his or her job, classes or housing while allowing the accused to remain.
E. Assistance for Victims: Rights & Options

Regardless of whether a victim elects to pursue a criminal complaint or whether the offense is alleged to have occurred on or off campus, the university will assist victims of sexual assault, domestic violence, dating violence, and stalking and will provide each victim with a written explanation of their rights and options. In Missouri, a victim of domestic violence, dating violence, sexual assault or stalking has the following rights:

**Here are crime victims’ general rights in Missouri:**
- To be present at all criminal proceedings where the defendant has that right, even if the victim is called to testify or may be called to testify as a witness in the case.
- To confer with the prosecutor regarding bail hearings, guilty pleas, pleadings of insanity, hearings, sentencing and probation revocation hearings.
- To be present at any hearing in which the defendant is present before a probation and parole hearing officer and to full participation in all phases of parole hearings or probation revocation hearings.
- To be heard at juvenile probation revocation hearings, probation revocation and parole hearings initiated by the board of probation and parole, and release proceedings for persons found not guilty by reason of insanity. Victims may offer a written statement, video or audio tape in lieu of a personal appearance.
- To protection from harmful threats from a defendant, or persons acting on behalf of defendant, for activities arising out of cooperation with law enforcement officials, and the right to a secure waiting area during a court proceeding.
- To speedy disposition of cases and speedy appellate review.
- To fair employment rights (including the right of a victim, witness or member of a victim’s family not to be discharged or disciplined by an employer for honoring a subpoena or for participating in the preparation of a criminal proceeding).
- To regain property from a prosecutor or law enforcement officer once it is no longer needed for evidence or retention during an appeal (within five working days upon request) unless it is contraband or subject to forfeiture proceedings.
- To creditor intercession services by the prosecuting attorney if the victim is unable, as a result of the crime, to temporarily meet financial obligations.
- To limited compensation for out-of-pocket loss and for qualified medical care necessary as a result of the crime.

Further, University of Missouri-Kansas City complies with Missouri law in recognizing orders of protection.

Information contained in the order of protection will be entered into the Missouri Uniform Law Enforcement System within 24 hours from the time the order is granted. This information can be accessed by all law enforcement personnel in Missouri.

Orders of protection are valid and enforceable throughout Missouri. Orders of protection issued by other states also must be enforced in Missouri.
Law enforcement officers will attempt to respond immediately to an abuse call when:

- The caller indicates violence is imminent or in progress;
- A protection order is in effect; or
- The caller indicates domestic violence has occurred previously between the parties.

Officers responding to an abuse call will inform the victim of legal actions for relief from adult abuse and of available shelters for victims. They also will arrange transportation to a medical facility or to a place of shelter.

When an officer has probable cause to believe a person has abused someone, he has the authority to immediately arrest the person, even if there is no order of protection. Officers can make an arrest even if they do not witness the abuse or if the victim refuses to sign an official complaint against the accused abuser.

Also, an officer has the authority to arrest the accused abuser for refusal to surrender custody of children, as may be ordered in an order of protection, and will return the children to the party awarded custody.

If both parties claim to have been assaulted, the officer is not required to arrest both, but is required to try to identify and arrest the person who was the primary physical aggressor. The officer will consider:

- The intent of the law — to protect victims of domestic violence from continuing abuse.
- The extent of injuries inflicted or serious threats creating fear of physical injury.
- Past domestic violence between the parties.

The Adult Abuse Act prohibits judges from issuing mutual orders of protection — orders against both parties to an altercation — unless both parties have followed the procedures for filing and serving the petitions.

If the officer responding to a report of adult abuse declines to make an arrest, the officer must make a written report describing the incident and the reason why no arrest was made.

If an officer is called to the same address within 12 hours, and has probable cause to believe the same offender has violated the law against the same person or other family member, that officer shall make an arrest. The report of the previous incident may be considered as evidence of the offender’s intent.

**Punishment**

Violating a protective order is a Class A misdemeanor punishable by up to a $1,000 fine and one year in jail. The violation is a Class D felony if the person convicted had been found guilty of violating a protective order within the prior five years. A Class D felony is punishable by up to a $5,000 fine and five years in jail.

Any person who obtains an order of protection from any state should provide a copy to Campus Police and the Office of the Title IX Coordinator. A complainant may then meet with Campus Police and/or UMKC’s victim advocate, Violence Prevention and Response Manager Michelle Kroner, to develop a Safety Action Plan, which is a plan for campus police and the victim to reduce risk of harm while on campus or coming and going from campus. This plan may include, but in not limited to: escorts, special parking arrangements, changing classroom location or allowing a student to complete assignments from
home, etc. The University cannot apply for a legal order of protection, no contact order or restraining order for a victim from the applicable jurisdiction(s). The victim is required to apply directly for these services.

**Protective orders**

Each year thousands of Missourians become victims of domestic violence, a serious crime that can have devastating consequences.

However, help is available to victims of abuse. State law authorizes courts to issue orders of protection to protect victims of abuse and persons threatened with abuse. By issuing these orders, judges can order an accused abuser, for example, to stop abusing, stalking or harassing a victim and to stay away from the victim’s home.

There are two types of orders of protection:

- An ex parte order, which is a temporary measure quickly issued by the court.
- A full order, which is granted only after a court hearing is held. It is issued for a longer period than the ex parte order.

**EX PARTE ORDER OF PROTECTION**

If you are a victim of domestic violence, you can go to the circuit court and request an ex parte order of protection against the accused abuser. The accused abuser does not have to be present for you to be granted an order.

**An ex parte order may:**

- Order the accused abuser not to abuse, threaten to abuse, molest, stalk or disturb your peace.
- Order the accused abuser not to enter the premises of your home whether you own, lease, rent or merely occupy the home.
- Make a temporary order of custody of minor children.
- Order specific personal property and effects to be turned over to you.
- Order the accused abuser not to communicate with you in any way, including e-mail.

**Filing for order**

The ex parte order can be obtained from the circuit court in the county:

- Where you and the accused abuser reside,
- Where any abuse took place, or
- Where the accused abuser can be served.

When the circuit court is closed, you may request an ex parte order from any available court in the city or county having jurisdiction.

You do not need a lawyer to obtain the order. Circuit clerks are required under Missouri’s Adult Abuse Act to explain how to file all necessary forms and documents. Some counties have a victim advocate to assist you.
You have the right to request that your address not be disclosed in court documents. You also have the right to be notified when the accused abuser has been served. The circuit clerk will explain how to register for this notification.

The court may immediately issue an ex parte order of protection. The order takes effect as soon as a judge grants it and lasts until a full order hearing is held. A hearing on the full order of protection will be held within 15 days unless the court finds good reason for a continuance.

**Serving notice to accused abuser**
The court will order law enforcement officers to serve the accused abuser with a copy of the ex parte petition and a notice of the full order hearing date. The order can be served on campus by UMKC Police Officers. The accused abuser must be served at least three days before the hearing. It is at this hearing that the accused abuser can present his or her side of the story.

Although the ex parte order is effective even before the accused abuser is notified, the accused abuser first must be served with a copy of the order or notified by law enforcement officers before he or she can be arrested for violating its conditions.

**FULL ORDER OF PROTECTION**
The court will issue a full order of protection only after a full order hearing has been held. The abuse victim must attend this hearing. If you are absent, the court will dismiss the order.

The full order will be valid for at least 180 days and not more than one year. It may be renewed twice by the court after a hearing. A new act of abuse is not required for a full order to be renewed.

A full order may grant the same relief as an ex parte order and may also enter an order:
- Awarding custody of minor children and setting up a visitation schedule that is in the best interest of the children when the court has jurisdiction over the children and no prior custody order is pending or has been made.
- Granting child support.
- Awarding maintenance when you and the accused abuser are lawfully married.
- Ordering the accused abuser to pay for all or part of your housing costs.
- Ordering that you be given temporary possession of property such as cars, checkbooks and keys.
- Prohibiting the accused abuser from transferring, encumbering or disposing of specified property mutually owned or leased by the parties.
- Ordering the accused abuser to participate in a counseling program for batterers or in a substance-abuse treatment program.
- Ordering the accused abuser to pay a reasonable fee for housing and other services provided to you by a shelter for domestic violence victims.
- Ordering the accused abuser to pay the victim’s attorney fees.
- Ordering the accused abuser to pay medical costs from injuries sustained as a result of domestic violence.
- Ordering the accused abuser not to communicate with you including e-mail.
**Who can file?**

Any victim of stalking or an adult abused by a present or former spouse, adult family or household member, or adult who is or has been in a continuing social, romantic or intimate relationship, or a person with whom the victim has a child.

State law defines abuse as assault, battery, coercion, harassment, sexual assault, stalking and unlawful imprisonment.

**Cost:** No filing fee, court costs or bond is required to file for an order of protection.

The University may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. To the extent of the victim’s cooperation and consent, university offices will work cooperatively to ensure that the complainant's health, physical safety, work and academic status are protected, pending the outcome of a formal university investigation of the complaint. For example, if reasonably available, a complainant may be offered changes to academic, living, or working situations in addition to counseling, health services, visa and immigration assistance and assistance in notifying appropriate local law enforcement. Additionally, personal identifiable information about the victim will be treated as confidential and only shared with persons with a specific need to know who are investigating/adjudicating the complaint or delivering resources or support services to the complainant (for example, publicly available record-keeping for purposes of Clery Act reporting and disclosures will be made without inclusion of identifying information about the victim, as defined in 42 USC 1395 (a) (20).) Further, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The University does not publish the name of crime victims nor house identifiable information regarding victims in the campus police departments Daily Crime Log or online. Victims may request that directory information on file be removed from public sources by request at [https://www.umkc.edu/registrar/docs/FERPA_restrict_directory_info.pdf](https://www.umkc.edu/registrar/docs/FERPA_restrict_directory_info.pdf).

Bystander Intervention

Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene. Bystanders play a critical role in the prevention of sexual and relationship violence. They are “individuals who observe violence or witness the conditions that perpetuate violence. They are not directly involved but have the choice to intervene, speak up, or do something about it.”\(^3\) We want to promote a culture of community accountability where bystanders are actively engaged in the prevention of violence without causing further harm. To that end, UMKC has recently launched a campus bystander intervention initiative called Green Dot. To learn more about the Green Dot initiative, please visit http://livethegreendot.com/. We may not always know what to do even if we want to help. Below is a list\(^4\) of some ways to be an active bystander. If you or someone else is in immediate danger, dial 911. This could be when a person is yelling at or being physically abusive towards another and it is not safe for you to interrupt.

1. Watch out for your friends and fellow students/employees. If you see someone who looks like they could be in trouble or need help, ask if they are ok.
2. Confront people who seclude, hit on, try to make out with, or have sex with people who are incapacitated.
3. Speak up when someone discusses plans to take sexual advantage of another person.
4. Believe someone who discloses sexual assault, abusive behavior, or experience with stalking.
5. Refer people to on or off campus resources listed in this document for support in health, counseling, or with legal assistance.

\(^4\) Bystander intervention strategies adapted from Stanford University’s Office of Sexual Assault & Relationship Abuse
**Risk Reduction**

Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence. With no intent to victim blame and recognizing that only rapists are responsible for rape, the following are some strategies to reduce one’s risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, www.rainn.org):

1. **Be aware** of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to **avoid isolated areas.** It is more difficult to get help if no one is around.
3. **Walk with purpose.** Even if you don’t know where you are going, act like you do.
4. **Trust your instincts.** If a situation or location feels unsafe or uncomfortable, it probably isn’t the best place to be.
5. **Try not to load yourself down** with packages or bags as this can make you appear more vulnerable.
6. **Make sure your cell phone is with you** and charged and that you have cab money.
7. **Don't allow yourself to be isolated** with someone you don’t trust or someone you don’t know.
8. **Avoid putting music headphones in both ears** so that you can be more aware of your surroundings, especially if you are walking alone.
9. **When you go to a social gathering, go with a group of friends.** Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. **Trust your instincts.** If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. **Don't leave your drink unattended** while talking, dancing, using the restroom, or making a phone call. If you’ve left your drink alone, just get a new one.
12. **Don't accept drinks from people you don't know or trust.** If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don’t drink from the punch bowls or other large, common open containers.
13. **Watch out for your friends, and vice versa.** If a friend seems out of it, is way too intoxicated for the amount of alcohol they’ve had, or is acting out of character, get him or her to a safe place immediately.
14. **If you suspect you or a friend has been drugged, contact law enforcement immediately** (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
   a. **Remember that being in this situation is not your fault.** You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
   b. **Be true to yourself.** Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
c. **Have a code word with your friends or family** so that if you don’t feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

d. **Lie.** If you don’t want to hurt the person’s feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.

16. **Try to think of an escape route.** How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?

17. **If you and/or the other person have been drinking,** you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
UMKC Campus and Emergency Telephone Locations

Blue light emergency telephones (EMER) are located strategically throughout campus. These phones provide the caller a direct line to the UMKC Police. The dispatcher simultaneously receives a display indicating the location of the caller. The elevator telephones (ELEV) work in the same manner. The UMKC Police Department encourages everyone to become familiar with the location of these phones and to report any suspicious activities.

Annual Crime Statistics

The following pages contain crime statistics from past years. The definitions list, following these statistics, was used to determine these crime statistics.

These numbers reflect crimes reported to the UMKC Police Department and numbers reported to the UMKC Police Department by Local Law Enforcement (Kansas City Police Department) and campus security authorities (Student Involvement, Residential Life, and other campus groups).

An institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situation where sworn or commissioned law enforcement personnel have fully investigated the reported crime and, based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore “unfounded.” The only entity on campus that can unfound crimes is the UMKC Police Department.

Crimes are recorded in the calendar year they were reported. This report does not use a map to depict its campus, non-campus buildings or property, and public property areas.

Hate Crimes

2018: No reported hate/bias crimes.
2017: No reported hate/bias crimes.
2016: Two on-campus vandalism incidents characterized by racial bias.

Student Housing Policies

Appliances- Appliances that may cause a fire or safety hazard may not be used in student rooms. These include hot-surface appliances such as hot plates, space heaters, popcorn poppers,
immersion coils, toasters, toaster ovens, coffee makers, George Foreman grills and any other cooking appliances.

**Extension Cords** - An extension cord must be UL approved, 16 gauge and not exceed an un-spliced length of six feet with a polarized plug and a single outlet; it may not be placed under floor coverings or furnishings and may not be secured by penetrating the insulation.

**Open Flames** - Items which require an open flame to operate or which produce heat (e.g., Bunsen burners, lighted candles, alcohol burners, George Foreman grills) are not allowed.

**Smoking** - The complexes are smoke-free buildings. Smoking is not permitted in any part of the complexes, including student rooms or apartments.

**Evacuation Procedures**

Tampering with or misuse of fire safety equipment, including fire alarms, fire extinguishers, or smoke detectors, is prohibited by state law and University policy. Smoke detectors and sprinkler heads should not be covered; students are not permitted to hang anything from this equipment. Exiting alarmed doors in non-emergency situations is not permitted. Every student is responsible for immediate evacuation of the building in the event of a fire alarm. In the event of a fire, the University Police Department must be notified immediately. The University Police Department will contact the fire department.

In the case of a fire alarm sounding, residents and guests are required to evacuate the building. If you see smoke in the hallways, breezeways, or rooms, keep low to the ground as you move to the nearest exit. Once you are out of the building, move away from the building and do not block emergency personnel and equipment. You may not re-enter the building until you receive notification from the local officials or staff.

**Fire Logs**

A fire log is available for review during business hours at the University of Missouri-Kansas City Department of Environmental Health and Safety. The information in the fire log includes information about fires that occur in residential facilities, including the nature, date, time, and general location. An electronic or hard copy of the fire log can be made available upon request to Environmental Health and Safety Director Dennis Elmore. Please e-mail your request to elmore@umkc.edu or call (816) 235-5241.

**Regular Mandatory Fire Drills**

There are four supervised fire evacuation drills per student housing building scheduled annually. These drills are conducted and evaluated by the UMKC Fire Marshal.

**Training**

The Fire Safety Division of Environmental Health and Safety Department offers general fire safety trainings and information as well as hands-on Fire Extinguisher Training. In 2018, Fire Safety Training was conducted for Residential Life personnel and the Fire Safety Division.
presented the Ready Campus Event at the Campus Safety Fair. Additional training may be developed as needed to help educate the campus community on Fire and Life Safety.

**Plans for Future Improvements**

The Fire Safety Division, Residential Life, and Campus Facilities Management work to keep all Student Housing at UMKC in accordance with International Fire Code. The Fire Safety Division continually evaluates the fire safety equipment and safety procedures across the campus. Changes and additions may be made as necessary to ensure safety. Upgrades to the fire safety equipment are being conducted as on-campus houses are remodeled for use as Greek housing. There are no current plans for other changes or additions.
The following pages contain fire statistics from past years. The definitions list, following after these statistics, was used to determine these fire statistics. The numbers reflect fires reported to the UMKC Fire Safety Division, UMKC Police Department and other campus authorities (Residential Life & other campus groups.)

**Fire Reporting Definitions**

**Cause of fire** - The factor or factors that give rise to a fire. The causal factor may be, but is not limited to, the result of an intentional or unintentional action, mechanical failure, or act of nature.

**Fire** - Any instance of open flame or other burning in a place not intended to contain the burning or in an uncontrolled manner.

**Fire drill** - A supervised practice of a mandatory evacuation of a building for a fire.

**Fire-related injury** - Any instance in which a person is injured as a result of a fire, including an injury sustained from a natural or accidental cause, while involved in fire control, attempting rescue, or escaping from the dangers of the fire. The term “person” may include students, employees, visitors, firefighters, or any other individuals.

**Fire-related death** - Any instance in which a person:

1. Is killed as a result of a fire, including death resulting from a natural or accidental cause while involved in fire control, attempting rescue, or escaping from the dangers of a fire; or
2. Dies within one year of injuries sustained as a result of the fire.

**Fire safety system** - Any mechanism or system related to the detection of a fire, the warning resulting from a fire, or the control of a fire. This may include sprinkler systems or other fire extinguishing systems, fire detection devices, stand-alone smoke alarms, devices that alert one to the presence of a fire, (such as horns, bells, or strobe lights), smoke-control and reduction mechanisms, and fire doors and walls that reduce the spread of a fire.

**Value of property damage** - The estimated value of the loss of the structure and contents, in terms of the cost of replacement in similar type and quantity. This estimate should include contents damaged by fire, and related damages caused by smoke, water, and overhaul; however, it does not include indirect loss, such as business interruption.
