**Position Title:**  Hardware Research Assistant

**Undergraduate and Graduate Students Eligible to Apply**

**About the Missouri Institute for Defense and Energy (MIDE):**

The mission of MIDE is to improve the quality of life by bridging academia with industry to address wicked problems. The vision of MIDE is to lead in the development of technologies that directly and positively impact society and to grow the leaders of tomorrow in a team-focused culture.

The main research areas within MIDE include high power electrical engineering, pulsed power, condensed matter physics, computational physics, radio frequency propagation and detection, alternative and energy storage, chemistry, biotechnology, and urban agriculture.

For more information about MIDE, visit [umkc.edu/mide](http://umkc.edu/mide).

**Position Summary:**
UMKC is pleased to invite applications for a Research Assistant focusing on Hardware. This position will be responsible for research and development of next generation AI accelerator technologies

**Duties:**
- Research on state-of-the-art AI accelerator technologies
- Hands-on processor design and implementation using FPGA boards
- Coordinate with software researchers to port applications to hardware
- Write reports, papers and proposals on innovative directions

**Salary:**
- $17 per hour
- Up to 20 hours/week
