WE KNOW YOU HAVE QUESTIONS. Don’t worry; we have plenty of answers. First, the basics: Orientation is the next step in your college journey. This one-day program will lay the groundwork for your success at UMKC, teaching you everything you need to know and do as a new student at UMKC. You’ll connect with faculty and advisers, explore campus resources and meet other new students. By the end of the day, you’ll have registered for classes and feel ready to begin the fall semester.
