The Accessibility Layout Mode in Pathway will allow individuals with disabilities who use a screen reader or other assistive technology to more effectively interact with the Pathway system.

**How to: Turn On/Off Accessibility Layout Mode in Pathway**

1. Log into Pathway.

2. Click the Three dots in the upper right corner.

3. Select My Preferences.

4. Under General Options, use the Accessibility Layout dropdown to turn the screen reader mode off or on.

5. Sign Out from Pathway and log back in for the changes to apply.
