Non-Directory Information Release Form

In accordance with the Family Educational Rights and Privacy Act (FERPA) and University of Missouri Collected Rules and Regulations, this form allows a student to grant parents, guardians, spouse, and/or others access to their educational records maintained by the Office of Registration & Records, Cashier’s Office and Financial Aid & Scholarships Office.

- Anyone given access to a student’s record may have access to ALL academic student records. (A student cannot give a parent access to their billing information, but not give them access to view their grades, for instance.)
- All permissions granted will stay in effect until revoked in writing by the student.
- Please note that it is University policy not to release student records over the phone. Requests should be made in-person at the above named offices and must be accompanied by appropriate photo identification (eg. driver’s license).

I give permission for the following person(s) to have access to my academic records.

In lieu of a student’s written consent, a parent/guardian may attach a copy of their most recent Federal Income Tax Return to certify that the student is your dependent according to Section 152 of the Internal Revenue Code (financial information may be blacked out). Since IRS dependency can change annually, you must submit copies of your Federal Income Tax Return each year along with this form to continue access to your student’s records.
