**Partners in Prevention Quarterly Report Process
Fiscal Year 2016-2017**

Introduction/Overview

The Amendments of the Drug-Free Schools and Communities Act of 1989 was established, requiring higher education institutions to develop and implement drug and alcohol prevention programs on campuses. Pursuant to the Drug-Free Schools and Communities Act Amendments of 1989, the University of Missouri is required to establish a drug and alcohol prevention program for University of Missouri system students and employees.

In accordance with the drug and alcohol prevention programs, standards of conduct and written policies were put into place for all University of Missouri-Kansas City faculty, staff, and students. A biennial review of the drug and alcohol prevention program is required and conducted to determine the effectiveness, implement program changes if needed, and ensure that the University's disciplinary sanction described below are consistently enforced. The following are components of the policies and resources available at UMKC.

In compliance with federal legislation, the University of Missouri-Kansas City Student Health and Wellness in collaboration with the UMKC Counseling Center and Campus Coalition for Student Health, Safety, and Wellness has prepared this biennial review. Print copies of the Biennial Review are available by request as well as online through <http://www.umkc.edu/registrar/procedures/student-consumer-info.asp>.

**AOD Comprehensive Program Goals and Objectives for Biennium Period Being Reviewed-
2016-2017**

The University of Missouri-Kansas City developed a comprehensive, evidence-based approach in addressing high-risk alcohol use, tobacco, and other drug. Our program development is data driven, specifically the Missouri Assessment of College Health Behavior. The University of Missouri-Kansas City drug and alcohol prevention strategic plan is developed, implemented, and evaluated by the Campus Coalition for Student Health, Safety, and Wellness. Additional campus departments not involved in the coalition are also referenced in the strategic plan.

The University of Missouri-Kansas City Strategic Plan for Alcohol, Drugs, and Wellness Promotion consist of twelve goals with six goals directly addressing high-risk alcohol use, tobacco, and other drugs. The strategic plan goals are identified from data received from the University of Missouri-Kansas City's implementation of the Missouri Assessment of College Health Behavior.

University of Missouri-Kansas City high-risk alcohol use, tobacco, and other drug goals for 2016-2017:

Goal 1: Reduce high risk drinking behaviors amongst University of Missouri-Kansas City students by the end of the 2016-2017 academic year.

- *Objective 1:* Decrease the binge drinking rate for one sitting from 22% in 2015 to 20% by 2017.
- *Objective 2:* Decrease the binge drinking rate for a two-hour definition from 19.2% in 2016 to 18% in 2017.
- *Objective 3:* Reduce the number of students who report driving after alcohol consumption from 26% in 2016 to 23% in 2017.
- *Objective 4:* Reduce the number of students who report riding with someone who has been drinking from 25% in 2016 to 23% in 2017.
- *Objective 5:* Increase the number of students who report 'usually' and 'always' use a designated driver from 58% in 2016 to 60% in 2017.

Goal 2: Reduce substance use amongst University of Missouri-Kansas City students by the end of the 2016-2017 academic year.

- *Objective 1:* Decrease the 2016 marijuana use rate of 25% in 2016 to 22% in 2017.
- *Objective 2:* Increase percentage of UMKC students who report not using tobacco from 65% in 2016 to 70% in 2017.
- *Objective 3:* Decrease the percentage of UMKC students who report using non-prescribed drugs from 19% in 2015 to 18% in 2017.

Goal 3: Strengthen and maintain the UMKC RooCovery student organization by the end of the 2016-2017 academic year.

- *Objective 1:* Increase the number of UMKC RooCovery student organization participants by the end of the 2016-2017 academic year.
- *Objective 2:* Increase the number of active members by 100% by the end of the 2016-2017 academic year.
- *Objective 3:* Increase the number of students who reported knowing that UMKC has a campus recovery organization from 24% in 2016 to 30% in 2017.
- *Objective 4:* Increase the number of students who reported thinking that having a campus recovery organization would be beneficial to students from 58% in 2016-62% in 2017.

Biennial Review Process

In compliance with the Drug-Free Schools and Communities Act Amendments of 1989, UMKC Student Health and Wellness and UMKC Counseling Center partners with the Campus Coalition for Student Health, Safety, and Wellness for the biennial review. The Campus Coalition for Student Health, Safety, and Wellness includes representation from Student Health and Wellness, Counseling Center, Athletics, numerous departments within Office of Student Involvement, Women's Center, Residential Life, University of Missouri-Kansas City Police Department, School of Pharmacy, School of Nursing, School of Medicine, Office of Services for Students with Disabilities, and International Student Affairs. The Campus Coalition for Student Health, Safety, and Wellness has student representative members intermittently throughout the year.

As members of Missouri Partners in Prevention, the University of Missouri-Kansas City implements the Missouri Assessment of College Health Behavior each year in the month of February. The Missouri Assessment of College Health Behavior is administered online to a random sample of undergraduate students. Missouri Partners in Prevention compiles and analyzes the data which we receive in June. The Campus Coalition for Student Health, Safety, and Wellness subsequently reviews the data to identify and evaluate campus needs and successes and identify strategies for improvement. This data from the Missouri Assessment of College Health Behavior is used in the development of the Campus Coalition for Student Health, Safety, and Wellness strategic plan for the upcoming academic year. In compliance with the Drug-Free Schools and Communities Act and Missouri Partners in Prevention, the strategic plan is submitted to Missouri Partners in Prevention by September 1st of each year.

Annual Policy Notification Process

All University of Missouri-Kansas City students receive the policies regarding conduct, alcohol, tobacco, and other drugs annually. Policies are disseminated annually through mass emails to all University of Missouri-Kansas City students, faculty, and staff, online in the student handbook, online in the course schedule that all University of Missouri-Kansas City students use to register for classes, and available online through the University of Missouri-Kansas City Counseling Center homepage. Employees are informed of the University of Missouri System drug and alcohol policy each fall semester through a mass email that references the Drug and Alcohol Abuse in the Workplace Policy (HR-508). This policy can be located at <http://www.umsystem.edu/ums/rules/hrm/hr500/hr508>.

Content of Policy: The full text of policies and procedures regarding the standards of conduct can be found in the University of Missouri-Kansas City Student Handbook <http://info.umkc.edu/saem/wp-content/uploads/2016/04/UMKC-Student-Handbook.pdf>.

Student Conduct and Honor Codes

All students at the University of Missouri--Kansas City are expected to abide by the Standard of Conduct as described in the University of Missouri System Collected Rules and Regulations.

In addition, some academic programs have honor codes and other standards for students enrolled in these programs, including the Schools of Dentistry, Education, Law, Medicine, Nursing, and Pharmacy.

University of Missouri Student Standard of Conduct

Chapter 200 of the UM Collected Rules and Regulations outlines the Standard of Conduct all students are expected to uphold as well as the rules and procedures for student disciplinary matters. The conduct code is designed to ensure social responsibility, academic integrity, and the safety of our community. Students found to be in violation of the Standard of Conduct may face formal sanction, ranging from warning to expulsion. Students have the right to a formal hearing.

Drug and Alcohol Prevention Program

Pursuant to the Drug-Free Schools and Communities Act Amendments of 1989, the University of Missouri is required to establish a drug-and-alcohol-prevention program for its students and employees. The University of Missouri program includes education and information about the dangers of drugs and alcohol abuse in the workplace; programs that address unlawful controlled substance and alcohol use, including personnel actions that may result from such violations; self-referrals, as well as supervisory referrals, to drug and alcohol counseling and rehabilitation programs available through the Employee Assistance Program and/or community agencies.

Standards of Conduct: University of Missouri regulations prohibit the unlawful manufacture, distribution, dispensation, possession or use of alcohol and illicit drugs on University owned or controlled property and at University-sponsored or -supervised activities.

Legal Sanctions: Local, state and federal laws also prohibit the unlawful manufacture, distribution, dispensation, possession or use of alcohol and illicit drugs. Criminal penalties for violation of such laws range from fines up to \$20,000 to imprisonment for terms up to life.

Health Risks: Specific serious health risks are associated with the use of illicit drugs and alcohol. Some of the major risks are listed below.

- *Alcohol and other depressants* (barbiturates, sedatives and tranquilizers): Addiction, accidents as a result of impaired ability and judgment, overdose when used with other depressants, damage to a developing fetus, heart and liver damage.
- *Marijuana:* Addiction; panic reaction; impaired short-term memory; increased risk of lung cancer and emphysema, particularly in cigarette smokers; impairment of driving ability.
- *Cocaine* Addiction, heart attack, seizures, lung damage, severe depression, paranoia, psychosis. Similar risks are associated with other stimulants, such as speed or uppers.

- *Hallucinogens* (acid, LSD, PCP, MDMA, etc.): Unpredictable behavior, emotional instability, violent behavior, organic brain damage in heavy users, convulsions and coma.
- *Narcotics* (heroin, Demerol, Morphine, Codeine, etc.): Addiction, accidental overdose, risk of hepatitis and AIDS from contaminated needles.
- *Inhalants* (gas, aerosols, glue, nitrites, etc.): Loss of consciousness, suffocation, damage to the brain and central nervous system, sudden death, nausea and vomiting, nosebleeds and impaired judgment.

Prevention Programming: Annual strategic plans for prevention include outreach to students through educational materials, presentations at campus fairs and in classrooms and for departments, social norming campaigns, motivational approaches in individual and group settings and inclusion of research-based effective interventions. Students referred for campus violations participate in two or more consultation sessions at the Counseling Center.

Resources: A variety of resources exist for drug or alcohol counseling, treatment, or rehabilitation programs. UMKC participates in Partners in Prevention, Missouri's higher education substance abuse consortium, and provides prevention resources to the UMKC community through UMKC Counseling Services. For referrals, students and employees may contact the Counseling Services at 816-235-1635. Such referrals will be confidential.

University Discipline: Violation of these University of Missouri regulations can result in disciplinary action up to and including expulsion for students and discharge for employees.

Alcohol Policy: The use or possession of any alcoholic beverage is strictly prohibited on all University property except where appropriate University approval is given, subject to legal requirements. To request permission to serve alcoholic beverages at events that support the mission of the University, Departments should inquire at the Office of the Vice Chancellor for Student Affairs and Enrollment Management. Student Organizations should inquire at the Office of Student Involvement.

AOD Prevalence Rate, Incidence Rate, Needs Assessment and Trend Data (MACHB Spring 2017)

Drug and Alcohol Related Incidents/Fatalities

The University of Missouri-Kansas City Police Department and Environmental Health and Safety Fire Safety Division provides the campus community with a Campus Crime and Fire Safety Report (Campus Crime and Fire Safety Report, 2016) in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 and the higher Education Opportunities Act of 2008. The report is located online at <http://www.umkc.edu/finadmin/police/documents/2016CCFSR.pdf>. The report released in October 2016 covers the 2015 statistics for both Volker and Hospital Hill Campuses.

For 2015, the University of Missouri-Kansas City Police Department and Environmental Health and Safety Fire Safety Division recorded 45 liquor law violations and 16 drug violations between both the Volker and Hospital Hill. In 2014, the University of Missouri-Kansas City Police Department and Environmental Health and Safety Fire Safety Division recorded 69 liquor law violations and 35 drug violations for both campuses.

2016-2017 University of Missouri-Kansas City Missouri Assessment of College Health Behavior Data

- 7% of University of Missouri-Kansas City students consumed alcohol in the past year (MACHB, 2017).
- 58% of University of Missouri-Kansas City students consumed alcohol in the past 30 days (MACHB, 2017).
- Binge drank in last two weeks:
 - All Students: 18% of University of Missouri-Kansas City students reported binge drinking, defined as 5 or more drinks in a two-hour period, in the past two weeks (MACHB, 2017).
 - Drinkers Only: Of those who reported drinking, 18% reported binge drinking, defined as 5 or more drinks in a two-hour period, once or more in the past two weeks (MACHB, 2017).
- 31% of University of Missouri-Kansas City students used marijuana in the past year (MACHB, 2017).
- Current Marijuana Users: Of those who reported using marijuana in the past year: 3.1% reported using marijuana 3 or more times per week and 3.6% reported using marijuana daily (MACHB, 2017).
- Illegal Drug Use (except marijuana) in the past year:
 - In the past year: 11% of University of Missouri-Kansas City students reported using prescription drugs without a doctor's prescription within the past year (MACHB, 2017).

Trends

- Binge Drinking
 - The percentage of University of Missouri-Kansas City students who reported binge drinking (one sitting) decreased from 20% in 2016 to 19% in 2017.
 - The percentage of students who reported binge drinking (two-hour definition) decreased from 19% in 2016 to 18% in 2017.
- Marijuana
 - The percentage of University of Missouri-Kansas City students who reported using marijuana one or more in the past year increased from 25% in 2016 to 31% in 2017.
- Illegal Drugs

- The percentage of University of Missouri-Kansas City students who reported using prescription drugs without a doctor's prescription within the past year increased from 10% in 2016 to 11% in 2017.

AOD Policy, Enforcement & Compliance Inventory

University of Missouri-Kansas City Alcoholic Beverage Policy: As a general policy, the use or possession of any alcoholic beverage is strictly prohibited on all University property except when appropriate University approval is given, subject to legal requirements. Requests to serve alcohol will be examined on a case-by-case basis and permission to serve alcohol at an event on campus is considered an exception to the policy. Alcoholic beverages may be served or consumed only at 1) luncheons, dinners or receptions of the university in honor of certain individuals; 2) in connection with official university events; 3) in connection with fundraising activities for university programs; or 4) other events approved by the Chancellor or designee as in furtherance of the university mission.

According to the UM Collected Rules and Regulations 110.050 on Alcoholic Beverages, UMKC's Chancellor has the authority to delegate the responsibility to act on requests for alcohol use on University property for single events and reoccurring similar events in designated conference, meeting, or dining facilities to the Vice Chancellor for Student Affairs and Enrollment Management (VCSAEM). In addition, the CRR 110.050 specifies that all University venues need to include the appropriate license and comply with State law.

Conditions for all UMKC events that are approved to have alcohol present:

No UMKC employee, organization, affiliate, or student organization shall knowingly violate any of the policies listed below:

- 1) Persons under 21 years of age are not permitted to possess or consume alcohol within the borders of the State of Missouri. Official identification may be required by the server to verify that a person has attained the legal age for possessing or consuming alcohol.
- 2) No University funds or activity fees can be used to pay for alcohol beverages on or off campus except through specified University "gift accounts" or other previously authorized accounts.
- 3) Events serving alcoholic beverages may not be held adjacent to classrooms that are in session.
- 4) No advertising that implies or acknowledges alcohol-related events is permitted.
- 5) The University contracted food vendor shall be the exclusive licensed server of alcoholic beverages on UMKC campuses and shall obtain whatever license is required in order to dispense alcoholic beverages at the approved venues.
 - a. The University contracted food vendor shall furnish, for a fee, setups and services needed for an event approved to be held on campus.

- b. The University contracted food vendor shall provide all qualified personnel necessary for and have full control over dispensing alcoholic beverages at approved events.
 - c. All alcoholic beverages are to be purchased by the host organization and delivered to the University contracted food vendor for serving.
 - d. No alcoholic beverages other than those served by the University contracted food vendor may be dispensed.
 - e. Members and guests of the sponsoring organization may not carry alcoholic beverages outside the area in which they are being served.
 - f. Nonalcoholic beverages and food must be provided at all events where alcoholic beverages are served.
 - g. No alcohol sales or “cash bars” are allowed.
- 6) Use of alcoholic beverages is permitted only for approved events held in the following venues:
- a. Administrative Center Conference Facilities
 - b. Atterbury Student Success Center Pierson Auditorium and Chancellor’s Dining Room
 - c. Bloch Executive Hall for Entrepreneurship and Innovation-Third Floor Innovation Lab and Fourth Floor Boardroom
 - d. Diastole Center
 - e. Durwood Stadium
 - f. Fine Arts Building Gallery of Art
 - g. Health Sciences Building conference rooms
 - h. Katz Hall Exhibition Room
 - i. Miller Nichols Library Dean’s Conference Room
 - j. Olson Performing Arts Center
 - k. School of Dentistry Faculty Lounge
 - l. School of Law Stoup Courtroom and Student Lounge
 - m. Spencer Chemistry Building, Rooms 504 and 504A
 - n. Student Union conference rooms
 - o. Swinney Recreation Center
- 7) Hosts of an event involving alcoholic beverages are held responsible for actions of their guests.
- 8) For any UMKC events approved to serve alcoholic beverages that are held off-campus, due to liability issues, it is required that licensed caterers serve the event.
- 9) Sponsoring individuals or organizations may be required to attend risk-management training as a condition of approval.

Procedure for requesting approval to serve alcoholic beverages:

- 1) A university unit or affiliated organization wishing to serve alcoholic beverages on campus must submit a *Request to Use Alcoholic Beverages on University Property* form to the Vice Chancellor for Student Affairs and Enrollment Management prior to any public announcement, but in no case less than two (2) weeks before the event. At minimum, the request should specify:

- a. The date and time of the activity.
- b. The name of the group making the request and the general makeup of its constituency.
- c. The location of the activity.
- d. The nature of the activity and the general type of the group to attend.
- e. The name of the person exercising responsibility for the activity.
- f. Each request will be reviewed based on the event's relation to the University's Mission or fundraising goals as well as the proposed event time and location in relation to scheduled student activities or classes that are in session.
- g. Persons or organizations submitting a request for review should indicate alternate times/locations for the event.
- h. External organizations should include a copy of a fully executed Facilities and Services Agreement.

HR-508 Drug/Alcohol Abuse in the Workplace: Federal law requires that the University have a policy on drug and alcohol abuse in the workplace which meets certain statutory requirements. The federal law also mandates that the University have a drug and alcohol free awareness program. The unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance is prohibited on all University-owned or controlled property and at University sponsored or supervised activities. The unlawful possession, use and/or distribution of alcohol is also prohibited on all University-owned or controlled property and at University sponsored or supervised activities. Violations of this policy may result in discharge or other discipline in accordance with University policies and procedures covering the conduct of faculty, staff and students. The University has an obligation to provide a healthy and safe environment for all students, employees and visitors to its campuses.

Consistent with this concern, the University offers resources to employees and students: education and information about the dangers of drug and alcohol abuse in the workplace; programs which address unlawful controlled substance and alcohol use, including personnel actions that may result from such violations; and self referrals as well as supervisory referrals to drug and alcohol counseling and rehabilitation programs available through the University's Employee Assistance Program and/or community agencies. Such referrals will respect individual confidentiality.

Each employee engaged in the performance of work supported by a federal grant or contract, as a condition of employment, must abide by the terms of the policy and must notify the University of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction.

The University must notify the contracting agency within ten (10) days after receiving notice from the employee or otherwise receiving actual notice of such conviction.

Field Trips: A Guide for Faculty and Staff: Compliance with University Policies Faculty, staff, and students must comply with University policies while on field trips just as they would on campus including those concerning alcohol and drug use, vehicle use, student misconduct, smoking, principles of academic freedom, policy on sexual harassment, and consensual relationships.

BPM-306 Special Purchases: Alcohol, Drugs and Hazardous Materials: All purchases of drugs, alcohol, and hazardous materials are to be made in compliance with Federal and State laws. Procurement will work with Environmental Health and Safety in order to assure that such products are shipped, stored and handled in accordance with University safety policies.

BPM-406 Vehicles: Compliance with Traffic Regulations and Safety/ Alcohol and Controlled Substances: Established speed limits and all other traffic rules and regulations must be observed. The University is not responsible for traffic violations by drivers on Official University Business. Operators must drive carefully, safely and courteously.

Operators shall not drive while under the influence of alcohol, illegal drugs or any other substance that impairs their ability to drive. Transportation of controlled substances in University vehicles is prohibited except when necessary in the conduct of Official University Business.

Drug and Alcohol Prevention Program

Pursuant to the Drug-Free Schools and Communities Act Amendments of 1989, the University of Missouri is required to establish a drug-and-alcohol-prevention program for its students and employees. The University of Missouri program includes education and information about the dangers of drugs and alcohol abuse in the workplace; programs that address unlawful controlled substance and alcohol use, including personnel actions that may result from such violations; self-referrals, as well as supervisory referrals, to drug and alcohol counseling and rehabilitation programs available through the Employee Assistance Program and/or community agencies.

Standards of Conduct: University of Missouri regulations prohibit the unlawful manufacture, distribution, dispensation, possession or use of alcohol and illicit drugs on University owned or controlled property and at University-sponsored or -supervised activities.

Legal Sanctions: Local, state and federal laws also prohibit the unlawful manufacture, distribution, dispensation, possession or use of alcohol and illicit drugs. Criminal penalties for violation of such laws range from fines up to \$20,000 to imprisonment for terms up to life.

Health Risks: Specific serious health risks are associated with the use of illicit drugs and alcohol. Some of the major risks are listed below.

- *Alcohol and other depressants* (barbiturates, sedatives and tranquilizers): Addiction, accidents as a result of impaired ability and judgment, overdose when used with other depressants, damage to a developing fetus, heart and liver damage.
- *Marijuana*: Addiction; panic reaction; impaired short-term memory; increased risk of lung cancer and emphysema, particularly in cigarette smokers; impairment of driving ability.
- *Cocaine* Addiction, heart attack, seizures, lung damage, severe depression, paranoia, psychosis. Similar risks are associated with other stimulants, such as speed or uppers.
- *Hallucinogens* (acid, LSD, PCP, MDMA, etc.): Unpredictable behavior, emotional instability, violent behavior, organic brain damage in heavy users, convulsions and coma.
- *Narcotics* (heroin, Demerol, Morphine, Codeine, etc.): Addiction, accidental overdose, risk of hepatitis and AIDS from contaminated needles.
- *Inhalants* (gas, aerosols, glue, nitrites, etc.): Loss of consciousness, suffocation, damage to the brain and central nervous system, sudden death, nausea and vomiting, nosebleeds and impaired judgment.

Prevention Programming: Annual strategic plans for prevention include outreach to students through educational materials, presentations at campus fairs and in classrooms and for departments, social norming campaigns, motivational approaches in individual and group settings and inclusion of research-based effective interventions. Students referred for campus violations participate in two or more consultation sessions at the Counseling Center.

Resources: A variety of resources exist for drug or alcohol counseling, treatment, or rehabilitation programs. UMKC participates in Partners in Prevention, Missouri's higher education substance abuse consortium, and provides prevention resources to the UMKC community through UMKC Counseling Services. For referrals, students and employees may contact the Counseling Services at 816-235-1635. Such referrals will be confidential.

University Discipline: Violation of these University of Missouri regulations can result in disciplinary action up to and including expulsion for students and discharge for employees.

Alcohol and Other Drugs (Residential Life): Residential Life staff members will confiscate and dispose of alcohol and alcoholic-beverage containers found in the possession of residents and/or their guests. Residents in violation of the policy will be asked to dispose of alcoholic beverages in the presence of a staff member. Residents entering the housing complex intoxicated and creating a disturbance will be subject to disciplinary action.

Residents who are in the same room as alcoholic beverages or alcohol containers, regardless of to whom the alcohol belongs, are subject to disciplinary action. Additionally, residents who are

in the same room as illegal drugs, or who are suspected of recently having used drugs— primarily from a distinct odor or from behaviors/symptoms—are subject to disciplinary action.

Residents are not allowed to be in possession of prescription drugs that are not prescribed to them. Residents can be found in violation of this policy if they are not present in the room at the time the evidence of drug/alcohol use is discovered. Other violations of this policy may include alcohol containers—such as bottles, cans, etc.—and drug paraphernalia —such as pipes, roaches, etc.

All students possessing alcohol, alcoholic beverage containers, or drugs in the building; in the same room as alcohol or drugs; entering the complex intoxicated and creating a disturbance; and/or posting pictures on an on-line forum (such as Facebook or Instagram) displaying prohibited behavior taking place in any of the complexes are subject to judicial sanctions which may include a two-session consultation (B.A.S.I.C.S. Level 1) at a cost of \$50 for all first time offenders or a two-session consultation (B.A.S.I.C.S. Level 2) at a cost of \$75 for all repeat offenders of alcohol and first-time offenders for drug use. Residents may also be subject to additional sanctions if deemed appropriate.

Smoking Policy (Residential Life): UMKC is a tobacco free campus; therefore, the use of tobacco, including smokeless tobacco products, and legal smoking products are prohibited in all campus buildings including residential facilities. Students over 18 years of age may possess and are allowed to store tobacco and legal smoking products but may not use them in the halls. Students who are found responsible (or whose guest is responsible) for smoking in a residential facility are subject to a fine of \$100 to be billed to their student account.

ALCOHOL AND DRUGS: The Risk Management Policy of FIPG, Inc. includes the provisions, which follow and shall apply to all fraternity entities and all levels of fraternity membership.

1. The possession, sale, use or consumption of ALCOHOLIC BEVERAGES, while on chapter premises or during a fraternity event, in any situation sponsored or endorsed by the chapter, or at any event an observer would associate with the fraternity, must be in compliance with any and all applicable laws of the state, province, county, city and institution of higher education, and must comply with either the BYOB or Third Party Vendor Guidelines.

2. No alcoholic beverages may be purchased through or with chapter funds nor may the purchase of same for members or guests be undertaken or coordinated by any member in the name of or on behalf of the chapter. The purchase or use of a bulk quantity or common source(s) of alcoholic beverage, for example, kegs or cases, is prohibited.

3. OPEN PARTIES, meaning those with unrestricted access by non-members of the fraternity, without specific invitation, where alcohol is present, are prohibited.

4. No members, collectively or individually, shall purchase for, serve to, or sell alcoholic beverages to any minor (i.e., those under legal drinking age).

5. The possession, sale or use of any ILLEGAL DRUGS or CONTROLLED SUBSTANCES while on chapter premises or during a fraternity event or at any event that an observer would associate with the fraternity is strictly prohibited.

6. No chapter may co-sponsor an event with an alcohol distributor or tavern (tavern defined as an establishment generating more than half of annual gross sales from alcohol) at which alcohol is given away, sold or otherwise provided to those present. This includes any event held in, at or on the property of a tavern as defined above for purposes of fundraising. However, a chapter may rent or use a room or area in a tavern as defined above for a closed event held within the provisions of this policy, including the use of a third party vendor and guest list. An event at which alcohol is present may be conducted or co-sponsored with a charitable organization if the event is held within the provisions of this policy.

7. No chapter may co-sponsor, co-finance or attend or participate in a function at which alcohol is purchased by any of the host chapters, groups or organizations.

8. All recruitment or rush activities associated with any chapter will be non-alcoholic. No recruitment or rush activities associated with any chapter may be held at or in conjunction with a tavern or alcohol distributor as defined in this policy.

9. No member or pledge, associate/new member or novice shall permit, tolerate, encourage or participate in "drinking games." The definition of drinking games includes but is not limited to the consumption of shots of alcohol, liquor or alcoholic beverages, the practice of consuming shots equating to one's age, "beer pong," "century club," "dares" or any other activity involving the consumption of alcohol which involves duress or encouragement related to the consumption of alcohol.

10. No alcohol shall be present at any pledge/associate member/new member/novice program, activity or ritual of the chapter. This includes but is not limited to activities associated with "bid night," "big brother – little brother" events or activities, / "big sister - little sister" events or activities, "family" events or activities and initiation.

Smoking and Tobacco Policy: Tobacco use and smoking are prohibited throughout UMKC properties. "Smoking," as defined herein, means the act of drawing smoke or a vaporized substance into one's mouth that has been ignited, combusted, or vaporized.

"Smoking Products" include, but are not limited to, tobacco, cloves, all cigarette products (cigarettes, bidis, kreteks, e-cigarettes, etc.) and all smoke-producing devices (cigars, pipes, hookahs, etc.).

"University of Missouri-Kansas City properties" include, but are not limited to:

- All outdoor common and educational areas; inside all university owned or leased buildings
- Campus sidewalks
- Campus parking lots
- Recreational areas
- Outdoor stadiums

- University-owned and leased vehicles (regardless of location)

This smoking ban does not apply to public rights-of-way (sidewalks/streets) within the campus boundaries, as these are governed by City of Kansas City ordinance.

General exceptions include: Certain academic research activities may be allowed as approved by the Director of Environmental Health and Safety, provided that the research is conducted in an appropriately ventilated area.

Tobacco use will be allowed in enclosed personal vehicles, with the windows completely closed, in university parking areas on the Volker and Hospital Hill campuses.

Respect and responsibility: Compliance with this UMKC Policy is the responsibility of each employee, student and visitor. Its success depends on an attitude of consideration and cooperation by smokers and nonsmokers alike.

All members of the university community share the responsibility for bringing it to the attention of visitors. Enforcement of the policy is the responsibility of each unit supervisor for his/her facility or unit, with reasonable enforcement efforts being made. Any complaints concerning the application of this policy should be brought to the attention of the appropriate university authorities.

Alcohol, Drugs, and Tobacco (Athletics): The legal drinking age in Missouri and Kansas is 21. However, as a student-athlete, you are also prohibited from drinking alcoholic beverages when representing UMKC or attending UMKC-sponsored events. Additionally, you are not to drink and drive. You are not to use alcohol to a degree that it affects your academic or athletic performance, affects your personal relationships or finances, or to a degree it leads to legal problems. You are not to drink alcohol in department-issued UMKC athletics apparel, or to drink alcohol with recruits or their associates.

If you are involved in an alcohol-related incident in which there are no legal consequences, your Head Coach, the sport supervisor, and the Director of Athletics will determine whether suspension from practice and/or competition is warranted per the UMKC Discipline Policy. The use of illegal or “performance enhancing” drugs is completely inconsistent with the purpose of intercollegiate athletics and creates a danger to the health and safety of all student-athletes. If you need to purchase an over-the-counter medication, or if your doctor prescribes a drug, you should notify your athletic trainer before consumption. UMKC Athletics upholds and enforces NCAA and UMKC regulations regarding alcohol, tobacco, non-therapeutic prescription drugs, and all NCAA banned drug classes.

Tobacco is prohibited by NCAA regulations and will not be permitted by UMKC student-athletes or staff members during any team functions. A team function is defined as any activity held as a team, including meetings, practices, informal workouts, games, or banquets, both on and off-campus. Additionally, UMKC Athletics discourages all UMKC student-athletes from using

tobacco in their private lives. Violation of NCAA or University rules regarding tobacco will subject the student-athlete to discipline.

UMKC and UMKC Athletics do not condone the use, possession, sale, manufacture or distribution of drugs that are illegal, may involve medical or psychological hazards to individuals, or may lead to interference with the rights and privileges of others.

You shall sign a statement in which you consent to be tested for the use of drugs prohibited by NCAA rules and regulations prior to participating in intercollegiate competition. Failure to complete and sign the form shall result in your ineligibility for participation in all intercollegiate practice and competition. In addition, UMKC has an institutional drug-testing program and provides educational opportunities to enhance the student-athletes' awareness of the effects of substance abuse.

From time to time, the NCAA will randomly drug test student-athletes across the country. When the NCAA seeks to test a particular UMKC student-athlete, it will email the Sports Medicine Staff prior to the test with the names of the student-athletes who are to be tested. The student athletes who are to be tested will be contacted and instructed to report to the UMKC athletic training room at a designated day and time. An absence or tardy is considered a "positive" test. Therefore, it is recommended that any UMKC student-athlete who is summoned for testing arrive to the Athletic Training Room **at least 15 minutes early**. A positive drug test will result in the loss of one season of competition for the student-athlete, and the student-athlete must sit out one calendar year from the date of testing. In addition to the random drug tests conducted by the NCAA, UMKC Athletics may randomly test any student-athlete at any time. A positive test from a UMKC drug test will be referred to the Director of Athletics for appropriate action as outlined in the Drug Testing Policy.

Drug Testing Policy (Athletics): UMKC is committed to the physical and mental well-being of its student-athletes. The university recognizes that the use of certain drugs and substances, legal or illegal, is not in the best interest of the student-athlete or UMKC athletics. In an effort to eliminate the use of illegal drugs and other substances, UMKC has implemented a comprehensive substance_abuse education and testing program to promote healthy and responsible lifestyles for student athletes. This policy is separate from the NCAA Drug-Testing Program and carries with it_separate sanctions to be imposed by the UMKC Department of Intercollegiate Athletics. For_description of the NCAA Drug-Testing Program, refer to the NCAA website (www.NCAA.org).

The UMKC Athletics Department has made it a policy that the use and abuse of illegal and/or banned drugs by student-athletes will not be tolerated. Each student-athlete shall be subject to random drug testing, team testing, follow-up testing and testing based upon reasonable suspicion. Student-athletes may be drug tested throughout the year, including summer, for substances on the banned drug-class list. There is no limit on the amount of times a student athlete can be drug tested during the year. As an UMKC student-athlete you can be tested without notice. Notification of selection will take place no more than 24 hours prior to the

scheduled test. If a student-athlete fails to report at the scheduled UMKC and/or NCAA drug test, and/or leaves the test site without permission, it is considered a “no show” and interpreted as a positive test result.

It is up to the Director of Athletics and Head Coaches’ discretion to impose any sanctions beyond those listed within the policy. Additional sanctions or penalties will also be determined based on individual situations.

Drug Testing Policy Sanctions (Athletics):

First Positive Test: The Director of Athletics, Head Coach, Sport Supervising AD, Head Athletic Trainer and Team Physician will be notified and will have a confidential meeting with the athlete. The student-athlete will be required to notify his/her parent(s), guardian, or spouse of the positive result in the presence of one or more of the above individuals. The student-athlete will be suspended from the next (1) countable contest/competition; that can and will carry over into subsequent championship seasons if the positive occurs during the off-season or during such a time that it cannot be completed during the season. The student-athlete is required to participate in a substance abuse treatment program (BASICS), held at the UMKC Counseling Center; if counseling is refused it will result in a second positive test. The student-athlete will be subject to retests until tested negative. If levels do not show a negative result or declining trend, it will be considered a second positive test. The student-athlete will also be subject to unannounced follow-up drug testing for one year after the date of the first violation.

Second Positive Test: Student-athletes are required to perform all penalties as described in the FIRST POSITIVE with the exception of the following. The student-athlete will be suspended from 10% of the maximum number of contests/competitions allowed per sport by the NCAA; applied to the next countable contests/competitions and will carry over into subsequent championship seasons if the positive occurs during the off-season or during such a time that it cannot be completed during the season. If BASICS counseling is refused, it will result in a third positive test. If retest levels do not show a negative result or declining trend, it will be considered a third positive test. The student-athlete will also be subject to unannounced follow-up drug testing through the remainder of his/her athletic career at UMKC.

Third Positive Test: A student-athlete who tests positive for a third time shall immediately lose all remaining eligibility for further competition at UMKC, which will then also terminate any scholarship or athletics financial aid.

ADD/ADHD Medication Policy: The NCAA bans classes of drugs because they can harm student-athletes and can create an unfair advantage in competition. Some legitimate medications contain NCAA banned substances, and student-athletes may need to use these medications to support their academics and their general health. The NCAA has a procedure to review and approve legitimate use of medication that contains NCAA banned substances through an exceptions process. In order for the NCAA to review an exception the Sports

Medicine department must have the proper documentation from qualified medical/health care professionals. The documentation requires the student-athlete and health care professional to go through a rigorous evaluation, testing, and prescription documentation process in advance of any drug test. If a medication has been prescribed for ADD/ADHD, and there is a failure to produce the proper documentation from those health care professionals, it can and will be grounds for a positive result on any drug test. The student-athlete must inform their sport athletic trainer and the Learning Services Coordinator if they have been previously diagnosed, currently are diagnosed, or are being tested for ADD/ADHD and/or taking prescription medications for such conditions. The Sports Medicine staff will then provide the proper guidelines for the physician/psychiatrist/counselor to formally produce their evaluation documentation. Updated documentation is required upon any changes to the treatment of such conditions as well as **annually** at the beginning of every school year. For information regarding ADHD assessment, please refer to the Student-Athlete Support Services Office section of this handbook.

Federal Student Financial Aid Penalties for Drug Law Violations: Federal law provides that a student who has been convicted of an offense under any federal or state law involving the possession or sale of a controlled substance during a period of enrollment for which the student was receiving financial aid shall not be eligible to receive any federal or institutional grant, loan, or work assistance.

Transactions Requiring Special Documentation or Approval: Purchasing Card Policy

Alcoholic Beverages: At times there are legitimate expenditures for alcohol related to the promotion of the University's interests. A statement explaining how this expenditure benefits the University must be provided in the PaymentNet system for each purchase of alcohol products.

AOD Comprehensive Program/Intervention Inventory

Notification of Parents and Students of Alcohol & Drug Policies and safety awareness: Families and new students were mailed the brochures "A Parent's Guide to Health and Safety in College" and "What Every Student Needs to Know: Information about Alcohol & Other College Health Issues" and copies of campus AoD policies. Policies were also reviewed in parent/student consultations at Destination Graduation during summer campus orientation visits. Alcohol policies are reviewed in all Residential Life Orientations.

Prevention: Tabling, social media messaging, events (Safety Fairs, Health Fair, Safe Spring Break, Booze Free Bash, Booze Free Beach Party), classroom presentations.

Screenings/Early Identification: SBIRT screenings and brief interventions were administered at the Health Fair in the Fall and at the Mood Screening Day in the Spring. Online alcohol

screenings are readily available on the campus Counseling Center’s website and on two desktops at the MindBody Connection.

Recovery Support: Health Educator and Alcohol/Drug Coordinator attended the full Recovery sessions at Meeting of the Minds conference in April 2017 to learn about development of Recovery programs on college campuses. The campus coalition talked about Recovery programming at several of the monthly meetings to envision what recovery services look like. RooCovery student organization is now accessible to any University of Missouri-Kansas City student.

Counseling Services: Client appointments, consultations and SBIRT screenings.

Group and Individual Smoking Cessation: Group and individual smoking cessation appointments are provided through Student Health and Wellness. For individual smoking cessation appointments, patients have the choice to schedule a 15 minute appointment with a Nurse Practitioner or schedule a 30 minute appointment with the Health Educator with a focus on behavioral change and support. Free Nicotine Replacement Therapy (NRT) is provided for both the 15 minute and 30 minute appointments.

Prevention Programming: Month Specific

Focus Areas: Bystander Intervention, Alcohol, Other Drugs, Sexual Violence, Date Violence, Domestic Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment

July 2016:

| Program | Attendance (#) | Focus |
|---|-----------------------|---|
| MindBody Connection Services | 219 | Bystander Intervention, Alcohol, Other Drugs |
| RESPOND Training | ~40 | Bystander Intervention |
| RooCovery Meeting | 4 | Alcohol, Other Drugs |
| UMKC Campus Coalition for Student Health, Safety and Wellness meeting | ~10-20 | Bystander Intervention, Alcohol, Other Drugs, Sexual Violence, Date Violence, Domestic Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment. |

August 2016:

| Program | Attendance (#) | Focus |
|---|-----------------------|--|
| BASICS | | Alcohol |
| Individual Smoking Cessation Appointments | | Other Drugs |
| MindBody Connection Services | 397 | Bystander Intervention, Alcohol, Other Drugs |
| RooCovery Meeting | 4 | Alcohol, Other Drugs |
| UMKC Campus Coalition for Student Health, Safety and Wellness Meeting | ~10-20 | Bystander Intervention, Alcohol, Other Drugs, Sexual Violence, Date Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment. |
| Union Fest | ~450 | Bystander Intervention, Alcohol, Other Drugs |

September 2016:

| Program | Attendance (#) | Focus |
|---|-----------------------|--|
| 4 RooCovery student organization meetings | 8 | Bystander Intervention, Alcohol, Other Drugs |
| 5 Ask Listen Refer Suicide Prevention Week Events | ~80 | Bystander Intervention |
| Alcohol-Free Tailgate | 130 | Alcohol, Other Drugs |
| BASICS | | Alcohol |
| HHA: Mocktails | 13 | Alcohol, Other Drugs |
| HJH: Blacked Out | 71 | Alcohol |
| HJH: Want a Cupcake for your Tinder | 19 | Sexual Violence, Date Violence, Cyber Violence or Stalking |

| | | |
|---|-------|--|
| Individual Smoking Cessation Appointments | N/A | Other Drugs |
| MindBody Connection Services | 902 | Bystander Intervention, Alcohol, Other Drugs |
| OSH: Are you Super Smashed Bro? | 25 | Alcohol, Other Drugs |
| OSH: Rape Culture | 30 | Sexual Violence, Date Violence, Domestic Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment |
| Prescription Take-Back | 5 | Bystander Intervention, Other Drugs |
| RooCovery Screening of the Anonymous People | 25 | Alcohol, Other Drugs |
| UMKC Campus Health, Safety and Wellness Coalition meeting | 10-20 | Bystander Intervention, Alcohol, Other Drugs, Sexual Violence, Date Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment. |

October 2016:

| Program | Attendees (#) | Focus |
|---|----------------------|--|
| 4 RooCovery student organization meetings | 10 | Bystander Intervention, Alcohol, Other Drugs |
| Ask Listen Refer Training and Education at 'I Ain't Afraid of No Stress' event. | Education: ~40 | Bystander Intervention |
| BASICS | | Alcohol, Other Drugs |

| | | |
|---|-------|--|
| Individual Smoking Cessation Appointments | | Other Drugs |
| MindBody Connection Services | 1202 | Bystander Intervention, Alcohol, Other Drugs |
| Prescription Take-Back Event | 2 | Bystander Intervention, Other Drugs |
| UMKC Campus Coalition for Student Health, Safety and Wellness | 10-20 | Bystander Intervention, Alcohol, Other Drugs, Sexual Violence, Date Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment. |

November 2016:

| Program | Attendees (#) | Focus |
|---|----------------------|--|
| 4 RooCovery student organization meetings | 8 | Bystander Intervention, Alcohol, Other Drugs |
| Ask Listen Refer Training | 3 | Bystander Intervention |
| BASICS | | Alcohol |
| I Will Listen Campaign | TBD | Bystander Intervention |
| Individual Smoking Cessation Appointments | | Other Drugs |
| MindBody Connection Services | 1067 | Bystander Intervention, Alcohol, Other Drugs |
| Prescription Take-Back | 47 | Bystander Intervention, Other Drugs |
| UMKC Campus Coalition for Student | 10-20 | Bystander Intervention, Alcohol, Other Drugs, Sexual |

| | | |
|---------------------------------------|-----|---|
| Health, Safety and Wellness | | Violence, Date Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment. |
| Week-Long Health and Wellness Exhibit | 250 | Bystander Intervention, Alcohol, Other Drugs |

December 2016:

| Program | Attendees (#) | Focus |
|--|----------------------|--|
| 2 RooCovery student organization meetings | 4 | Bystander Intervention, Alcohol, Other Drugs |
| Ask Listen Refer Suicide Prevention Training promotion and educational resource bags | 225 | Bystander Intervention |
| BASICS | | Alcohol, Other Drugs |
| Individual Smoking Cessation Appointments | | Other Drugs |
| MindBody Connection Services | 671 | Bystander Intervention, Alcohol, Other Drugs |
| Prescription Take-Back | 6 | Bystander Intervention, Other Drugs |
| UMKC Campus Coalition for Student Health, Safety and Wellness | 10-20 | Bystander Intervention, Alcohol, Other Drugs, Sexual Violence, Date Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment. |

January 2017:

| Program | Attendees (#) | Focus |
|----------------|----------------------|----------------------|
| BASICS | | Alcohol, Other Drugs |

| | | |
|---|-----|--|
| Individual Smoking Cessation Appointments | - | Other Drugs |
| MindBody Connection Services | 479 | Bystander Intervention, Alcohol, Other Drugs |
| Prescription Take-Back | - | Bystander Intervention, Other Drugs |
| RooCovery Meeting | 3 | Alcohol, Other Drugs |

February 2017:

| Program | Attendees (#) | Focus |
|---|----------------------|--|
| BASICS | | Alcohol, Other Drugs |
| Individual Smoking Cessation Appointments | - | Other Drugs |
| MindBody Connection Services | 743 | Bystander Intervention, Alcohol, Other Drugs |
| Prescription Take-Back | 3 | Bystander Intervention, Other Drugs |
| UMKC Campus Coalition for Student Health, Safety and Wellness | 10-20 | Bystander Intervention, Alcohol, Other Drugs, Sexual Violence, Date Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment. |

March 2017:

| Program | Attendees (#) | Focus |
|---|--------------------------------------|------------------------|
| Ask Listen Refer Training and Promotion | Educational Bags: 125 Training: - | Bystander Intervention |
| Booze Free Bash | Unknown | Alcohol |

| | | |

| Booze Free Beach Party | 97 | |
| Individual Smoking Cessation Appointments | - | Other Drugs |
| MindBody Connection Services | 814 | Bystander Intervention, Alcohol, Other Drugs |
| Prescription Take-Back | 88 | Bystander Intervention, Other Drugs |
| RooCovery Event at Booze Free Beach Party | 7 | Bystander Intervention, Alcohol, Other Drugs |
| Safe Spring Break | 80 | |
| UMKC Campus Coalition for Student Health, Safety and Wellness | 10-20 | Bystander Intervention, Alcohol, Other Drugs, Sexual Violence, Date Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment. |

April 2017:

| Program | Attendees (#) | Focus |
|---|----------------------|---|
| Individual Smoking Cessation Appointments | - | Other Drugs |
| MindBody Connection Services | 763 | Bystander Intervention, Alcohol, Other Drugs |
| Prescription Take-Back | 3 | Bystander Intervention, Other Drugs |
| UMKC Campus Coalition for Student Health, Safety and Wellness | 2 | Bystander Intervention, Alcohol, Other Drugs, Sexual Violence, Date Violence, Stalking, |

| | | |
|--|--|--|
| | | Cyber Violence or Stalking, Sexual Harassment. |
|--|--|--|

May 2017:

| Program | Attendees (#) | Focus |
|---|----------------------|--|
| Individual Smoking Cessation Appointments | - | Other Drugs |
| MindBody Connection Services | 342 | Bystander Intervention, Alcohol, Other Drugs |
| Prescription Take-Back | 0 | Bystander Intervention, Other Drugs |

June 2017:

| Program | Attendees (#) | Focus |
|---|----------------------|--|
| Individual Smoking Cessation Appointments | - | Other Drugs |
| MindBody Connection Services | 161 | Bystander Intervention, Alcohol, Other Drugs |
| UMKC Campus Coalition for Student Health, Safety and Wellness | 18 | Bystander Intervention, Alcohol, Other Drugs, Sexual Violence, Date Violence, Stalking, Cyber Violence or Stalking, Sexual Harassment. |

AOD Policy, Enforcement, and Compliance Related Outcomes

Drug and Alcohol Related Incidents/Fatalities

The University of Missouri-Kansas City Police Department and Environmental Health and Safety Fire Safety Division provides the campus community with a Campus Crime and Fire Safety Report (Campus Crime and Fire Safety Report, 2016) in accordance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act of 1998 and the higher Education Opportunities Act of 2008. The report is located online at <http://www.umkc.edu/finadmin/police/documents/2016CCFSR.pdf>. The report released in October 2016 covers the 2015 statistics for both Volker and Hospital Hill Campuses.

For 2015, the University of Missouri-Kansas City Police Department and Environmental Health and Safety Fire Safety Division recorded 45 liquor law violations and 16 drug violations between both the Volker and Hospital Hill. In 2014, the University of Missouri-Kansas City Police Department and Environmental Health and Safety Fire Safety Division recorded 69 liquor law violations and 35 drug violations for both campuses.

AOD SWOC/T Analysis

- **Programs/Interventions-**
 - Strengths
 - Collaborative network of campus partners.
 - Commitment from partners.
 - RESPOND Trainings.
 - Weaknesses
 - Marketing/branding our programs and resources.
 - Communication can be inconsistent or lacking.
 - Declining resource and declining staff support for programming/interventions.
 - Opportunities
 - Make sure we are aware of other student organization initiatives and see if we can use or capitalize on what they are doing with strategic plans.
 - Create a brand for programs and services.
 - Utilizing fraternity/sorority community to buy into Ask Listen Refer and Green Dot.
 - Threats
 - Decrease in funding and staff resources.
 - Coming up with activities that will engage students in the targeted prevention areas.
 - Distance between the two campuses.

AOD Comprehensive Program Goals and Objectives for Biennium Period Being Reviewed

Goal 1: Reduce high risk drinking behaviors amongst University of Missouri-Kansas City students by the end of the 2016-2017 academic year.

- *Objective 1:* Decrease the binge drinking rate for one sitting from 22% in 2015 to 20% by 2017.
 - Objective was met.

| | PIP 21 (2015) | UMKC (2015) | PIP 21 (2016) | UMKC (2016) | PIP 21 (2017) | UMKC (2017) |
|-----------------------------|---------------|-------------|---------------|-------------|---------------|-------------|
| Binge Drinkers: One Sitting | 26% | 22% | 25% | 20% | 27% | 19% |

- *Objective 2:* Decrease the binge drinking rate for a two-hour definition from 19.2% in 2016 to 18% in 2017.
 - Objective was met.

| | PIP 21 (2016) | UMKC (2016) | PIP 21 (2017) | UMKC (2017) |
|--------------------------|---------------|-------------|---------------|-------------|
| Binge Drinkers: Two Hour | 24% | 19% | 27% | 18% |

- *Objective 3:* Reduce the number of students who report driving after alcohol consumption from 26% in 2016 to 23% in 2017.
 - Objective was met.

| | PIP 21 (2016) | UMKC (2016) | PIP 21 (2017) | UMKC (2017) |
|----------|---------------|-------------|---------------|-------------|
| 1+ times | 21% | 26% | 17% | 17% |

- *Objective 4:* Reduce the number of students who report riding with someone who has been drinking from 25% in 2016 to 23% in 2017.
 - Objective was met.

| | PIP 21 (2016) | UMKC (2016) | PIP 21 (2017) | UMKC (2017) |
|----------|---------------|-------------|---------------|-------------|
| 1+ times | 25% | 25% | 23% | 22% |

- *Objective 5:* Increase the number of students who report ‘usually’ and ‘always’ use a designated driver from 58% in 2016 to 60% in 2017.
 - Objective met
 - The question in the 2017 survey provided different possible answers than in previous years.
 - 2016: 58% of those surveyed reported ‘usually’ and ‘always’ using a designated driver.
 - 2017: 64% of those surveyed reported using a designated driver 75-100% of the time.

Goal 2: Reduce substance use amongst University of Missouri-Kansas City students by the end of the 2016-2017 academic year.

- *Objective 1:* Decrease the 2016 marijuana use rate of 25% in 2016 to 22% in 2017.
 - Objective not met

| | PIP 21 (2016) | UMKC (2016) | PIP 21 (2017) | UMKC (2017) |
|----------|---------------|-------------|---------------|-------------|
| 1+ times | 23% | 25% | 30% | 31% |

- *Objective 2:* Increase percentage of UMKC students who report not using tobacco from 65% in 2016 to 70% in 2017.
 - Objective met

| | PIP 21 (2016) | UMKC (2016) | PIP 21 (2017) | UMKC (2017) |
|----------------------|---------------|-------------|---------------|-------------|
| Tobacco: Did not use | 67% | 65% | 73% | 78% |

- *Objective 3:* Decrease the percentage of UMKC students who report using non-prescribed drugs from 19% in 2015 to 18% in 2017.
 - Objective met

| | PIP 21 (2015) | UMKC (2015) | PIP 21 (2016) | UMKC (2016) | PIP 21 (2017) | UMKC (2017) |
|----------|------------------|----------------|------------------|----------------|------------------|----------------|
| 1+ times | 16% | 19% | 17% | 20% | 12% | 11% |

Goal 3: Strengthen and maintain the UMKC RooCovey student organization by the end of the 2016-2017 academic year.

- *Objective 1:* Increase the number of UMKC RooCovey student organization participants by the end of the 2016-2017 academic year.
 - Objective met.
- *Objective 2:* Increase the number of active members by 100% by the end of the 2016-2017 academic year.
 - Objective not met.
- *Objective 3:* Increase the number of students who reported knowing that UMKC has a campus recovery organization from 24% in 2016 to 30% in 2017.
 - Objective met.

| | PIP 21 (2016) | UMKC (2016) | PIP 21 (2017) | UMKC (2017) |
|-----|---------------|-------------|---------------|-------------|
| Yes | 31% | 24% | 28% | 33% |

- *Objective 4:* Increase the number of students who reported thinking that having a campus recovery organization would be beneficial to students from 58% in 2016-62% in 2017.
 - Question was not asked in the 2017 MACHB.
