

AFTER HOURS HEALTH RESOURCE GUIDE

UMKC Student Health and Wellness has the main goal to provide you with safe and economical health care so you can better focus on your education. If you are not able to be seen at UMKC Student Health and Wellness, we would like to provide you with alternative health care options and facilities for you to consider.

**In the event of an emergency situation that requires immediate assistance,
Dial 911 or the UMKC Campus Police at (816) 235-1515.**

Urgent Care Resources

An urgent medical condition is one that is not life threatening but may require prompt attention.

The advantages of using an urgent care center are:

- Urgent care centers usually open early, close late, and have weekend hours.
- You do not need an appointment, and you probably will not wait long to be seen.
- The centers are staffed by medical staff who can deal with a wide range of conditions.
- These facilities are well equipped to provide medical care for minor illnesses or injuries.

Here is a list of the most common non-emergency conditions that could be treated at most urgent care centers.

- Allergic reactions
- Animal/insect bites
- Cough, cold, sore throat
- Cuts, bumps, and sprains
- Ear infection/earaches
- Fever that won't go away
- Flu symptoms
- General wound care
- Mild asthma
- Minor burns or injuries
- Minor skin rash
- Twisted or sprained ankle

Health Departments

Public Health Departments offer a wide variety of health-related services, dependent upon the local needs of each community. Generally, health departments promote healthy lifestyle choices that can combat chronic diseases and injuries, educate the public about emergency preparedness and threats to their health, track disease outbreaks, and help to ensure access to high quality health care. Please contact your local health department for information about the availability of specific services.

Missouri Health Departments
