Claims Form from www.anthem.com.

Itemized bills must include the following information. We will not be able to process your claim without this information:

Provider's name and address

Charge for each individual Procedure/CPT/Service code

ICD-10 Diagnosis/DX code
ICD-10-CM - The diagnosis classification system developed by the Center for Disease Control and Prevention for use in all United States (U.S.) health care treatment settings. Diagnosis coding under this system uses 3-7 alpha and numeric digits.

Procedure/CPT/Service code
The CPT code set is a medical coding set maintained by the American Medical Association to describe medical, surgical, and diagnostic services. Procedure coding in this classification system uses 5 alpha or numeric digits.

Member/patient name

Date of service for each line item

Provider's billing information
Tax ID number (TIN), sometimes listed as employer identification number (EIN) or social security number.

Tax ID
A tax identification number (TIN) is a nine-digit number used as a tracking number by the U.S. Internal Revenue Service (IRS). TINs are issued to businesses by the IRS.

Place of service
The place of service is a 2-digit code that indicates where the service(s) was rendered. i.e., 11=office, 12=home, 21=inpatient facility, 22=outpatient facility
